

M'NAMARA TRIAL BEGINS

TURKEY TO BIG CARGO  
ASK FOR PEACE ON HUGE LINER

Circular Note to Powers Gives First Intimation of the Porte's Plan  
Tripoli to Be Yielded to Italy With Certain Considerations Attached

BERLIN, Oct. 9.—A circular note from the Turkish government asking the powers whether they consider that the time has arrived to seek a basis for negotiations looking to peace between Turkey and Italy and under what conditions, was presented today to the German foreign office. The note contemplates the cession of Tripoli to Italy under certain conditions. It is probable that the communications from Constantinople will be discussed by the other powers, before the Italian government is approached. It is thought at the foreign office that Italy may not be ready yet to negotiate. The decision to expel Italians from Turkey, against which the representations of the German ambassador at Constantinople, Baron Marschall von Bieberstein, have not been effective yet, was designed chiefly, it is thought here, for effect on the coming negotiations, Turkey hoping that the threat might induce the Italians to make moderate terms.

Italian Torpedo Boat Refused Provisions  
NAI.TA, Oct. 9.—The Italian torpedo boat destroyer Borea arrived here today escorted by a steamer with prisoners of war from Tripoli. The British officials decided to refuse the Italian vessel a supply of provisions. The prisoners included Turkish officials and the crew of a torpedo boat destroyer which surrendered at Tripoli.

Peace Promised for Early Date by Italy  
WASHINGTON, Oct. 9.—Advices to the state department from the embassy at Rome express the belief that if the Ottoman government accepts the occupation of Tripoli and restores the status previously existing in Turkey, the Italian government will be desirous of bringing about peace at the earliest possible moment. The efforts of Germany to effect a settlement continue unabated, according to the dispatch. The news of the occupation of Tripoli was confirmed, and it was said that marines had been landed without serious

ROYALISTS  
BEATEN  
BACK

Defeated at Vinhaus and Macedo de Cavalleires After Two Hours' Fight

LISBON, Oct. 9.—The royalists, after defeat at Vinhaus, where they lost fifty men, entrenched themselves today in the rough country and are awaiting the arrival of another column under Captain Couciere. It is reported that they have eight field pieces and four Maxim guns. A party of monarchists commanded by a priest attacked an express train which was carrying troops to the north, near Monsanto. They placed an obstruction on the tracks, which was discovered by the engineer, who stopped his train when it was within fifty yards of the pile of stones and railroad ties. As the train halted it was fired on. The troops responded and drove off the Royalists.

ROYALISTS BEATEN BACK.  
Four hundred Royalists attacked Macedo de Cavalleires, which has been reinforced, but withdrew after a fight that continued for two hours. Priests are taking an active part in the organization of guerrilla bands and are leading them in the combat with up-lifted crucifixes. The monarchists have a flying over the churches at Castello Branco and Santa Thyrzo. The government is finding difficulty in handling the cavalry and infantry in the mountainous districts.

Seek Muffler for Army Aeroplanes

A Serious Objection Found to Cloud Scouts and Remedy Will Be Applied.

WASHINGTON, Oct. 9.—A serious objection to the employment of aeroplanes for scouting purposes in time of war is the excessive noise made by the engines. This noise has caused them to be compared to threshing machines flying through the air. General Allen, chief signal officer and in charge of military aeronautics, is looking for a suitable muffler for the exhaust. He has detailed Lieutenant Thomas De W. Hilling, Fifteenth cavalry, who has attained a reputation as an aviator, to proceed to Marblehead, Mass., to inspect an engine designed to reduce the noise.

Aviators Drop Into Lake After Flight

DETROIT, Oct. 9.—After making several successful flights in his bi-plane equipped with pontoons for alighting on the water, Captain Fred Malger and Aviator Frank Coffin dropped into Lake St. Clair yesterday. The fall was only a short one and neither man was injured.

PUBLIC INVITED TO GREET PRESIDENT

Formal invitation to the people of Oakland to assist in welcoming President William Howard Taft, and to take part in the ceremony of laying the cornerstone of the new City Hall next Friday was issued by Mayor Frank K. Mott, with the unanimous backing of the City Council today. The invitation also bears a request that the day be made a holiday within the city to commemorate the occasion. The proclamation follows: TO THE PEOPLE OF OAKLAND:—

On next Friday afternoon the President of the United States will be the guest of the city for several hours. The occasion is an auspicious one. It is a time when we can fittingly reaffirm our allegiance to our civic institutions and reconsecrate ourselves as loyal American citizens. We should, therefore, lay aside for the time being, our usual vocations and appropriately assemble to welcome and greet the President. We can best demonstrate our patriotism and loyalty by congregating in an orderly manner, displaying the American flag and giving fullest vent to the ardor which we all feel as enthusiastic Americans, citizens of the greatest and most prosperous nation on the face of the earth.

I therefore appeal to all industrial and mercantile establishments to permit their employees to cease their labors at an early hour on Friday, October 13, 1911, in order that as many of our citizens as possible may see and greet the Chief Magistrate of the nation.

FRANK K. MOTT, Mayor.

Broke His Jaw and Hip  
But Never Crushed an Egg

LOS ANGELES, Oct. 9.—Although a carton of eggs that J. P. Shelton, 73 years old, carried when he collided with an automobile were not damaged, Shelton is today in a local hospital suffering from injuries that are expected to result in his death. Shelton ran into the machine while trying to board a rapidly moving car. His jaw was fractured in two places and his right hip broken. He was still clinging to the eggs when picked up. Investigation showed that not one of the eggs had been broken.

Secret Service Agents  
Capture Counterfeiter

WASHINGTON, Oct. 9.—After a search across the continent and up into British Columbia, the secret service operatives today captured Albert Leon, a Russian political refugee, as he was about to leave New York for South America. Leon is alleged to be the head of an extensive counterfeiting gang which flooded the Pacific coast with spurious ten dollar bank notes during the last year.

British Bark Goes Down  
With Every Man Aboard

BOSTON, Oct. 9.—The sinking of an unidentified British barkentine, said to have sailed from Bridgeton, N. S., off the entrance to the Bay of Fundy, on September 30, with all on board, was reported today by Captain Goodwin of the fishing schooner Good Luck.

Bean Crop Damaged  
By Big Windstorm

STOCKTON, Oct. 9.—Strong winds on the islands yesterday threshed hundreds of sacks of beans which had been ready for drying. The wind rolled the vines for miles, scattering the beans over the ground. Efforts will be made to sack part of the crop, but the greatest part will be lost. Frost a few weeks ago also caused loss to the bean crop.

Restive Spirits Are Barred at Meeting

ST. LOUIS, Oct. 9.—Spirit rappings, dancing tables and other psychical manifestations are barred in the annual meeting of the National Spiritualists' Association of the United States, which began a five days' convention here today. Business sessions are to be held in the morning and afternoon and the messages will be received in the evenings.

FIRST VENIRE OF JURORS CALLED

Interest in Case at Fever Heat in Los Angeles; Courtroom Is Filled to Overflowing

Trial Proper Scheduled to Begin on Next Wednesday; Names of the Veniremen Kept Secret

LOS ANGELES, Oct. 9.—One hundred and twenty-five citizens of Los Angeles county from among whom may be called the twelve men to pass upon the guilt or innocence of John J. and James B. McNamara in the Los Angeles Times dynamiting case, gathered today in the new courtroom of Judge Walter Bordwell. The men constituted the first venire to be summoned as jurors in the McNamara trial which is scheduled to begin next Wednesday. They were called by Judge Bordwell today to enable the court to excuse those who for ordinary reasons may be unable to act. By this means it was hoped that the work of drawing the McNamara jury would be materially lightened, and better time be made when the trial proper begins.

CANAL READY IN 1913, TAFT SAYS

In Less Than 2 Years First Ship Will Pass Through the Cut.

BELLINGHAM, Wash., Oct. 9.—President Taft predicted here today that the Panama Canal will be ready for use July 1, 1913. "The canal," he said, "is the greatest constructive work since the Christian era." "If nothing untoward happens," said Taft, "you can count on that canal on July 1, 1913. It has been promised for July 1, 1915, but I'll let you into the little secret when I tell you you may see the first ship go through that canal in July, 1913."

Leaving here at noon today Taft struck south again on the homeward leg of his long trip. Bellingham is the nearest point to the Canadian line mentioned in the trip's schedule and is close to the northwest corner of the United States. From Bellingham the President goes back to the Capital by way of Oregon and California, with a run north from Salt Lake City into Montana, the middle northwest, but according to existing arrangements, the westward part of the "voyage" is over here.

Bellingham had the usual program for the President, including breakfast with the Chamber of Commerce, an automobile ride through the city and a speech. Between this city and Seattle, where Taft expects to spend the night, he will make several stops.

Class-Day Tree at Harvard Is Dying

Venerable Elm, Decrepit and in Sere and Yellow Leaf, Is to Be Felled.

CAMBRIDGE, Mass., Oct. 9.—Harvard's famous class-day tree near Holden's chapel is doomed. With amputated limbs and meagre foliage, the noted old elm, the nucleus of the tree exercises for a century, is decaying and soon will have to be felled.

Largest British War Vessel Is Launched

King George V Leaves Ways; Is Christened by His Majesty's Aunt.

PORTSMOUTH, Eng., Oct. 9.—Great Britain's largest and best armored battleship, King George V, was launched successfully today. The warship is christened by his Majesty's aunt, Princess Christian of Schleswig-Holstein.

That much interest is being manifested in the coming trial was shown by the rapidity with which the many veniremen responded to the summons. Although court was not supposed to open until 10 o'clock, more than an hour before that time the corridors of the Hall of Records building, where the McNamara trial will be held, were well filled with veniremen, and at 10 o'clock these, with agencies of the prosecution and defense and curious spectators, who flocked thither in the belief that the famous prisoners would be brought into court, filled the spacious courtroom almost to overflowing. The names of the veniremen were kept secret when drawn and the calling of each juror caused the hasty scratching of pencils as representatives of opposing counsel in the coming trial jotted his name down for future reference.

McNamara Gives a Verbal Sketch of His Life's Course

LOS ANGELES, Oct. 9.—Sitting in a corridor just outside his cell in the county jail, John J. McNamara, secretary-treasurer of the International Association of Bridge and Structural Ironworkers, briefly sketched what he termed the uneventful lives of himself and his brother, James B. McNamara. "I was born in Cincinnati December 23, 1876," he said, "and I am the oldest of six children living, although there were ten children originally. I attended the common schools in Cincinnati until I was 12 years old and then took a three-year course in a business college. "Nothing of any importance happened to me until the panic began in 1892, when I turned my hand to anything and everything to keep the pot boiling, as they say. "I did my first bridgework at Cincinnati in 1893, joining the union the next year. Between 1898 and 1904, I visited various sections of the Middle West, following my trade and working on steel bridges, viaducts and similar structures. PROMINENT IN UNIONS. "I have held all of the offices in local unions, particularly in those of Cleveland, and have attended all the conventions of the International association since 1902. I was elected second vice-president at the convention at Kansas City in 1903 and was chosen secretary-treasurer at Toronto in 1904. I have held that office ever since. "The last building I worked on was the Rockefeller structure in Cleveland. I had my job to go to Toronto, and it was held open for me if I wanted to go back, but I didn't, as I had been made secretary for Springfield.

Rodgers Flies High at Mile-a-Minute Rate

Passes Over Joliet, Illinois, 1500 Feet in the Air On Way to St. Louis.

JOLIET, Ill., Oct. 9.—C. P. Rodgers, the aviator who is attempting to fly from New York to San Francisco, left here at 8:25 o'clock this morning, headed for St. Louis. He passed over the city 1500 feet high, going nearly a mile a minute. He expects to arrive in St. Louis before dark.

PEORIA, Ill., Oct. 9.—C. P. Rodgers, the aviator, landed here at 1 o'clock afternoon at the race track. He expects to resume his trip toward Springfield about 3 o'clock. Rodgers mistook a branch for the main line of the Chicago & Alton Railroad, and so was diverted from the direct line to Springfield, which he had intended to go to. He stopped at Street for gasoline and then continued his flight. Rodgers left this city at 10:04 p. m. for Springfield.

## Effect of Great Kidney Remedy is Soon Realized

I feel it my duty to let you know what Swamp-Root did for me. I was bothered with my back for over twenty years and at times I could hardly get out of bed. I read your advertisement and decided to try Swamp-Root. Used five bottles, and it has been five years since I used it, and I have never been bothered a day since I took the last bottle of it. I am thoroughly convinced that Dr. Kilmer's Swamp-Root cured me and would recommend it to others suffering as I did.

My husband was troubled with kidney and bladder troubles and he took your Swamp-Root and it cured him. This was about five years ago.

You may publish this letter if you choose.

Very truly yours,  
MRS. MATTIE CAMPFIELD,  
R. F. D. No. 3, Gobleville, Mich.  
Subscribed and sworn to before me  
this 13th day of July, 1909.

Prove What Swamp-Root Will Do For You  
Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone who will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Oakland Daily Tribune. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## WOMAN KILLED, SEVEN HURT IN AUTO CRASHES

### Mrs. Chas. Bassett Mangled and Husband Injured When Train Hits Machine; Pietro C. Rossi Meets Death

SAN FRANCISCO, Oct. 9.—One person killed, two seriously injured and five slightly injured were Sunday's record of automobile accidents in San Francisco and San Rafael.

**KILLED.**  
BASSETT, MRS. CHARLES, of San Rafael.

**INJURED.**  
Bassett, Charles, of San Rafael. Right arm fractured and numerous cuts and bruises.

Davis, David, of Burlingame. Concussion of brain and lacerated scalp.  
Davis, Mrs. David, of Burlingame. Lacerations of arms and lower limbs.

Humphrey, W. J., of Hongkong. Slightly injured.

Humphrey, Mrs. W. J., of Hongkong. Slightly injured.

Miller, George, chauffeur, of San Francisco. Slightly injured.

Sullivan, Miss Jennie, 3031 Mission street. Lacerations.

Mrs. Charles Bassett of San Rafael was killed when her automobile in which she was riding with her husband was struck by the 11:45 a. m. southbound train at the Shaver street crossing in San Rafael. Her husband, who was driving the car, was badly injured, but will probably recover. He sustained a fractured right arm and many cuts and bruises.

Mrs. Bassett was terribly mangled, both legs being crushed and her body and head cut and bruised. Both were taken to the San Rafael Sanitarium, where Mrs. Bassett died without regaining consciousness.

Dr. F. C. Galehouse says that in all probability the husband will recover if there are no internal injuries.

**ACCIDENT ON HAIGHT STREET.**

Four persons in an automobile narrowly escaped death yesterday afternoon when their machine skidded down the Haigh-street hill and collided with a street car.

David Davis of Burlingame, one of the automobile party, is at the German Hospital, suffering from concussion of the brain and lacerations of the scalp. His wife is the same institution, being treated for lacerations of her arms and lower limbs. W. J. Humphrey of Hongkong and his wife, who were the guests of the Davises, escaped serious injury and were taken to their apartments in the Palace Hotel by a relief automobile.

George Miller, the chauffeur who was driving the automobile, was slightly injured, but was able to leave his wrecked machine and summon help.

The automobile party, before the accident, had left the ferry depot and had sped out through Golden Gate Park and along the ocean boulevard on a pleasure trip.

**WOMAN HURT IN COLLISION.**

Miss Jennie Sullivan, 3031 Mission street, was treated at the Potrero

## VARIETY SPICE OF A BURGLAR'S LIFE

### Thefts of a Road Scraper, Auto, Policeman's Club and Hose Reported.

Thefts of an automobile, a road scraper and a patrolman's club were reported to the Oakland police today from various sources. The automobile was taken from outside the Greek theater in Berkeley and was the property of Mrs. James Greig of 1225 Park street, Alameda. The machine was found near the Oxford street entrance to the University of California and it is believed that it was abandoned by the thief on account of lack of gasoline.

The numerous burglaries of late so frightened H. H. Plate of 608 Fourteenth street that he purchased a policeman's club and kept it alongside his bed, ready to use it on any hard-headed burglar who attempted to invade the sanctity of his home. While he was absent Saturday night a burglar stole the policeman's club, but took nothing else.

Just how a burglar got away with a Fresno road scraper is puzzling the Standard Supply Company at First and Market streets, for the scraper was in a shed in the rear of the building and the gates were found locked. The Standard people are inclined to believe that some aviator who needed a scraper in his business descended into the yard, abducted the scraper and rose in the air again. The police doubt this theory.

Mrs. E. McDonald of 37 Kenney street reported the loss of a check for \$600, while T. F. Scanlan of 315 Euclid avenue suffered the loss of 50 feet of hose.

## SOCIETY LEADERS TO SING AND PRANCE VAUDEVILLE TO BRING OUT LOCAL TALENT

MISS JENNIE CROCKER, who will appear in "Shopping" at Ye Liberty tomorrow night at the Fabiola Hospital benefit.

## All in Readiness for Fabiola Benefit at Ye Liberty Theater on Night of Election

Tomorrow night is the big night. It is then that society will turn out in its most stunning frock and furbelow and point its limousine toward Ye Liberty Playhouse in anticipation of what promises to be the smartest of all smart set vaudevilles ever seen in Oakland. The splendid entertainment in which so much interest has been aroused is to be given for the benefit of Fabiola Hospital. It will be greeted by a large and fashionable audience. This is a fact most gratifying to the women of the charitable association. This year they have pursued rather an unusual policy in that they have done no canvassing nor solicited attendance by means of personal request.

Said one of the committee this morning: "The women of Fabiola feel that the cause for which they are working is so well known to the public as to render personal appeal unnecessary. Therefore we are depending upon the friends of Fabiola to lend their presence and, indirectly, their support to the institution which we represent, tomorrow evening. We have not attempted to persuade attendance other than by that persuasion which may be contained in the promise that we will, on Tuesday evening, give a splendid entertainment. We expect a great, big audience. If our expectations are not amiss we will have the pleasure of knowing that we have realized a sum which will greatly benefit our hospital and that such money has been the result of an absolutely unsolicited, so far as direct requests are concerned, patronage. We believe the friends of Fabiola and the friends of charity in general will not fail us."

**HATFIELD FLOOD  
TIES UP TRAFFIC**

**Torrent Rushes Into Mississippi River, Raising It an Inch Per Hour.**

LA CROSSE, Wis., Oct. 9.—The flood from the Hatfield dam is now sweeping the country north of La Crosse and is increasing the height of the Mississippi river here at the rate of an inch an hour. Early today the Mississippi river at this point stood at eight and eight-tenths feet above zero, a rise of almost four feet since Saturday morning.

The Northwestern railway tracks above La Crosse are under water, there having been in some places a rise of fifteen feet since the waters began to flood. Traffic is completely cut off.

**OFFICER VINDICATED  
BY COURT-MARTIAL**

MARE ISLAND, Oct. 9.—Henry McEvoy, formerly attached to the flagship California, where he was chief gunner, has been acquitted of the charge of responsibility for the death of his wife, who killed herself here about a month ago.

McEvoy was held before a court-martial board on the accusation of being drunk and conduct unbecoming an officer in the service. He will assume the ordnance officer's duties on the Maryland today.

## ROYALTY OPERAS TO BE HEARD HERE

### Lambardi Artists to Say Farewell in Great Bill at Idora.

(By HARRY L. SULLY.)

With three royalty Puccini operas on the bill, the last week of the engagement of the Mario Lambardi opera troupe at Idora park promises to be the best of the season. During their seven weeks' stay in the bay region this troupe of opera lovers, and the music loving public is planning to give them a great farewell at the nine big performances which remain before they leave on their tour of the coast cities.

"La Tosca," considered by many opera connoisseurs to be Giacomo Puccini's masterpiece, will be the great closing of the week. The thrilling Sardou drama, which was produced with success in the form by Nance O'Neill in San Francisco last week has received masterly handling from the Italian composer.

Three great roles are presented in the drama; that of La Tosca, the beautiful Roman prima donna; that of Baron Scarpia, the cynical and sensual prefect of police of Rome; and that of Mario Cavaradossi, the painter lover of La Tosca.

With the eponymous role being carried by Elvira Bosetti, whose grand dramatic soprano will be heard in this opera to even greater advantage than in "Alfide" or "Carmen," the opera cannot fail of being an event of the season. Signora Bosetti is peculiarly fitted for the Tosca role, and will infuse into the part that dramatic fire essential to a vital rendition of the part.

**GREAT BARITONE PART.**  
Michele Giovinetti will be heard in the dominating role of Baron Scarpia, one of the greatest baritone parts in modern opera. His superb voice and powerful acting brought him recognition as one great Scarpian in Italy when he sang the part at Milan.

Salvatore Scarpia is a lyric tenor whose acting lacks nothing of the genuine dramatic thrill of Puccini's "La Boheme" and "Madame Butterfly." Emile Leavall will make her last bow to the Oakland opera lovers as Madame Butterfly, Friday night and as "Mimi" in "La Boheme" Sunday afternoon.

The same as those heard already in the Puccini operas. Tonight's offering will be the popular Jacques Offenbach opera, "The Tales of Hoffman." Lydia Levy, the little coloratura soprano who has won herself a favorite place with opera goers, will play the role of Olympia.

Giulietta and Antonio. The Offenbach opera will be sung again tomorrow night, Thursday night, Saturday afternoon and will close the Lambardi season next Sunday night.

**NEGRO VOTERS TO HEAR  
SUFFRAGE ARGUMENT**

An equal suffrage meeting will be held this evening at the North Oakland Baptist church, on Twenty-ninth street near San Pablo avenue, under the auspices of the Colored American Equal Suffrage league. The meeting will be addressed by Mrs. Sarah M. Forland of the Oakland Suffrage Amendment league, William Patterson of the J. C. Price Lyceum and Miss Mary Virginia Simmons, president of the Colored American Equal Suffrage league.

**I. O. O. F. GRAND MASTER  
TO VISIT ORION LODGE**

Next Saturday evening George F. Hudson, grand master of the I. O. O. F. of California, will be at Orion lodge, I. O. O. F. No. 159, corner of Twelfth street and the seventh avenue, on his official visit. The initiatory work will be given that evening by officers of the lodge. The district meeting of District No. 96 has likewise been called for that evening by District Deputy Walter Fitzgerald. All Odd Fellows in good standing are extended an invitation.

**ADMIRAL THOMAS CALLS  
CAGE MASTS FAILURE**

MARE ISLAND, Oct. 9.—The much expected cage masts, installed on the cruiser Oregon, California, and West Virginia at a cost of \$20,000, expended within the past three months, have been found to be absolutely worthless.

Admiral Chauncey Thomas has reported to the yard officials that the masts will not stand up under the speed required in action.

The masts were designed to allow the passage of shells without destroying the whole structure of the masts. It was so arranged that fully one-half of the mast could be torn away without causing it to tumble.

**When Nerves Need Fixing**

**"There's a Reason"**

Look back to the cause, for one can never get well until the cause of sickness is removed.

Perhaps it's the drug, caffeine, grown in coffee. That thing which makes the heart of the coffee drinker flutter and fail; also slowly breaks down the nerves in many people (not all).

If you are one of the many affected by coffee, and really want to get well, suppose you leave off the drink which has caused the trouble, and take on well-made

**POSTUM**

for the morning beverage. In a few days you may discover why—

**"There's a Reason"**

Useless worrying (a form of nervousness) is indirectly the result (through the nerves) of improper feeding. A furniture man of Memphis says:

"About a year ago I was afflicted with nervous spells, would worry so over trivial things."

"I want to consult one of the best physicians in Memphis and he asked, among many questions, if I drank coffee."

"His advice was: 'Go to some provision store and get a box of Postum, drink it in place of coffee and as you are confined to your desk to a great extent try to get out in the open air as much as possible. I followed his instructions regarding Postum."

"At that time my weight was 142 and I was taking all kinds of drugs and medicines to brace me up, but all failed. Today I weigh 161 and all of my old troubles are gone, and all the credit is due to having followed this wise physician's advice and cut off the coffee and using Postum in its place."

"I now consider my health perfect and that it is all due to my having used Postum in place of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason for quitting the drug-drinking coffee, and there's a reason for drinking Postum. Trial ten days proves them all.

Look in packages for a copy of the famous little book, "The Road to Wellville."

The thrilling Sardou drama, which was produced with success in the form by Nance O'Neill in San Francisco last week has received masterly handling from the Italian composer.

Three great roles are presented in the drama; that of La Tosca, the beautiful Roman prima donna; that of Baron Scarpia, the cynical and sensual prefect of police of Rome; and that of Mario Cavaradossi, the painter lover of La Tosca.

With the eponymous role being carried by Elvira Bosetti, whose grand dramatic soprano will be heard in this opera to even greater advantage than in "Alfide" or "Carmen," the opera cannot fail of being an event of the season. Signora Bosetti is peculiarly fitted for the Tosca role, and will infuse into the part that dramatic fire essential to a vital rendition of the part.

**GREAT BARITONE PART.**  
Michele Giovinetti will be heard in the dominating role of Baron Scarpia, one of the greatest baritone parts in modern opera. His superb voice and powerful acting brought him recognition as one great Scarpian in Italy when he sang the part at Milan.

Salvatore Scarpia is a lyric tenor whose acting lacks nothing of the genuine dramatic thrill of Puccini's "La Boheme" and "Madame Butterfly." Emile Leavall will make her last bow to the Oakland opera lovers as Madame Butterfly, Friday night and as "Mimi" in "La Boheme" Sunday afternoon.

The same as those heard already in the Puccini operas. Tonight's offering will be the popular Jacques Offenbach opera, "The Tales of Hoffman." Lydia Levy, the little coloratura soprano who has won herself a favorite place with opera goers, will play the role of Olympia.

Giulietta and Antonio. The Offenbach opera will be sung again tomorrow night, Thursday night, Saturday afternoon and will close the Lambardi season next Sunday night.

**NEGRO VOTERS TO HEAR  
SUFFRAGE ARGUMENT**

An equal suffrage meeting will be held this evening at the North Oakland Baptist church, on Twenty-ninth street near San Pablo avenue, under the auspices of the Colored American Equal Suffrage league. The meeting will be addressed by Mrs. Sarah M. Forland of the Oakland Suffrage Amendment league, William Patterson of the J. C. Price Lyceum and Miss Mary Virginia Simmons, president of the Colored American Equal Suffrage league.

**I. O. O. F. GRAND MASTER  
TO VISIT ORION LODGE**

Next Saturday evening George F. Hudson, grand master of the I. O. O. F. of California, will be at Orion lodge, I. O. O. F. No. 159, corner of Twelfth street and the seventh avenue, on his official visit. The initiatory work will be given that evening by officers of the lodge. The district meeting of District No. 96 has likewise been called for that evening by District Deputy Walter Fitzgerald. All Odd Fellows in good standing are extended an invitation.

CAGE MASTS FAILURE**

MARE ISLAND, Oct. 9.—The much expected cage masts, installed on the cruiser Oregon, California, and West Virginia at a cost of \$20,000, expended within the past three months, have been found to be absolutely worthless.

Admiral Chauncey Thomas has reported to the yard officials that the masts will not stand up under the speed required in action.

The masts were designed to allow the passage of shells without destroying the whole structure of the masts. It was so arranged that fully one-half of the mast could be torn away without causing it to tumble.

**"There's a Reason"**

Look back to the cause, for one can never get well until the cause of sickness is removed.

Perhaps it's the drug, caffeine, grown in coffee. That thing which makes the heart of the coffee drinker flutter and fail; also slowly breaks down the nerves in many people (not all).

If you are one of the many affected by coffee, and really want to get well, suppose you leave off the drink which has caused the trouble, and take on well-made

**POSTUM**

for the morning beverage. In a few days you may discover why—

**"There's a Reason"**

Useless worrying (a form of nervousness) is indirectly the result (through the nerves) of improper feeding. A furniture man of Memphis says:

"About a year ago I was afflicted with nervous spells, would worry so over trivial things."

"I want to consult one of the best physicians in Memphis and he asked, among many questions, if I drank coffee."

"His advice was: 'Go to some provision store and get a box of Postum, drink it in place of coffee and as you are confined to your desk to a great extent try to get out in the open air as much as possible. I followed his instructions regarding Postum."

"At that time my weight was 142 and I was taking all kinds of drugs and medicines to brace me up, but all failed. Today I weigh 161 and all of my old troubles are gone, and all the credit is due to having followed this wise physician's advice and cut off the coffee and using Postum in its place."

"I now consider my health perfect and that it is all due to my having used Postum in place of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason for quitting the drug-drinking coffee, and there's a reason for drinking Postum. Trial ten days proves them all.

## PLANS COMPLETE FOR COLUMBUS DAY FESTIVAL

### Lambardi Artists to Say Farewell in Great Bill at Idora.

(By HARRY L. SULLY.)

With three royalty Puccini operas on the bill, the last week of the engagement of the Mario Lambardi opera troupe at Idora park promises to be the best of the season. During their seven weeks' stay in the bay region this troupe of opera lovers, and the music loving public is planning to give them a great farewell at the nine big performances which remain before they leave on their tour of the coast cities.

"La Tosca," considered by many opera connoisseurs to be Giacomo Puccini's masterpiece, will be the great closing of the week. The thrilling Sardou drama, which was produced with success in the form by Nance O'Neill in San Francisco last week has received masterly handling from the Italian composer.

## WORK AHEAD FOR SUPREME COURT

More Than 800 Cases Were Called on the Docket Today.

Federal Judges Face Largest Grist of Legal Business in 20 Years.

WASHINGTON, Oct. 9.—More than 800 cases awaited the consideration of the supreme court of the United States today, the time set by law for that tribunal to resume its labors. This is the largest number that has faced the court on the beginning of a term in about twenty years.

### DUTIES ARE MANIFEST.

Unlike most sessions in the past, members of the court returned from their vacations to meet duties other than the routine work of their offices. Chief Justice White and Associate Justices Lurton and Van Devanter are to complete at an early date, if possible, their work of revising the equity rules of the federal courts. At their suggestion the circuit judges appointed committees to recommend amendments to the rules, which are regarded as having outlived their usefulness. Some of these committees are ready to submit their reports and are expected to send in their recommendations soon.

These recommendations will be considered by the committee of the court and a final draft of new rules will be prepared for promulgation by the tribunal. During the summer Justice Lurton spent some time in England learning directly the impressions of the English jurists, who recently prepared new equity rules for the British courts.

Because of the abolition on January 1, 1913, of all circuit courts of the United States, leaving only the district courts, the courts of appeals and the supreme court, it will be necessary to revise the rules governing procedure in the supreme court. It is believed the court will modernize the rules in many ways.

### MAIL SERVICE CHARGE.

Justice Hughes will have, in addition to his court work, the completion of his report on charges for mail service. He is chairman of the committee that has been investigating the subject, particularly with reference to the rates on second-class matter.

The report of the commission is expected to be sent to Congress in December.

A long list of important cases, second only to the great Standard Oil and tobacco case, will demand the court's attention during the first month of the session. Three cases involve alleged violations of the Sherman anti-trust laws. These are the suits against the principal anthracite coal carrying railroads and coal owning companies; against the railroads operating the bridges over the Mississippi river at St. Louis and against James A. Patten and other prominent business men who are charged with cornering the cotton market. Railroad rates in Kentucky, West Virginia, Minnesota and Oregon will be considered.

The so-called "elephant cases" will test the power of the interstate commerce commission. Cases involving the rights of Indians to alienate their lands and the entry of the so-called Stracey coal land claims in Alaska will be hotly contested.

### CHINESE HELD UP.

SAN FRANCISCO, Oct. 9.—When about to enter the poolroom of H. S. Mahoney, 685 Broadway, at a late hour last night, Jack Smith, Chinese, of 817 Clay street, was held up and beaten by a man who attacked him from the rear and robbed him of a watch. His cries attracted Officers Pracy and Moran, who chased the man, but could not capture him.

### S. P. Makes Rates Account Columbus Day Celebration and President Taft's Visit.

Commencing October 11th to 14th, inclusive, round-trip excursion tickets will be sold from Los Angeles and other California points to Oakland or San Francisco at one fare and one-third, final return limit October 16th. Columbus Day will be fittingly observed in Oakland by a realistic water carnival on Lake Merritt, a night in Venice, aquatic sports, grand spectacular parade, the laying of the cornerstone of Oakland's new city hall by President Taft and other features. For further information ask any S. P. agent.

## PIEDMONT PAVILION TO BE BIG BOWER OF BEAUTY

BAILIFF JAMES T. FLYNN, who is assisting in arranging for the annual ball of the police department.

A score of policemen are busily engaged today in decorating the big Piedmont pavilion with a profusion of flowers, shrubbery, palms, streamers, pennants, flags and bunting. The decoration is for the third annual benefit ball for the Widows and Orphans' Aid association of the Oakland police department.

In addition to the lavish decoration, the pavilion will be flooded with brilliant light from thousands of colored electric incandescent burners, making the scene when the guests of the department gather one of spectacular beauty. The lights will shine down upon an assemblage numbering several thousands of dancers, guests of the department, testifying by their presence to the high esteem in which they hold the local police force.

In addition to the dancing there will be the presentation of two handsome flags to the police department by Mayor Frank K. Mott, to which Captain of Inspectors W. J. Petersen will respond on behalf of the Widows and Orphans' Association.

### OLD IRISH REEL.

An old-time Irish reel will be danced to the airs of "Tatter Jack Walsh" and the "Irish Washerwoman" by a quartet composed of Timothy Duane, Patrick J. Kelly, Patrick Mc-

Tigue and Ernest Holmberg. Sergeant Woods will introduce his original creation, entitled "A Zulu War Dance," in costume. Dennis Holland, William Quigley, George Ely and Sergeant Sill, veterans of the department, will contribute a song and dance to the strains of an Irish pipe executed by Sergeant Frederick Schreder. Sergeants Walters and Assistant Inspector Agnew will dance a sailors' hornpipe, and other interesting features will be presented. For the convenience of the ladies, the bulletins of the women's committee will be announced from time to time.

### BAND OF THIRTY PIECES.

Music for the occasion will be furnished by a band of thirty pieces. The reception committee will be in charge of Chief of Police Adelbert Wilson, assisted by Sergeant William McCloud. The floor committee will be headed by Bailiff Charles McCarthy, assisted by Sergeant William Brackett. Refreshments will be served during the evening.

The grand march will commence promptly at 9 o'clock, and will be headed by Mayor Mott, Commissioner of Public Health and Safety Fred C. Turner, Chief of Police Wilson, Captain of Inspectors W. J. Petersen, Captains Charles Bock and J. F. Lynch and ladies.

## AMENDMENT NO. 18 MEETS WITH MUCH OPPOSITION

### Abolition of Justice Courts Protested by Those in Position to Know Danger of the Step

From all over the State come protests against the passage of Assembly Constitutional Amendment No. 26, appearing on the ballot at tomorrow's election as No. 18, referring to justice courts.

It is claimed that the amendment will automatically abolish justice courts and all processes, proceedings and judgments now pending in them. This, it is said, would work an irreparable loss to litigants who have business in these courts. The amendment does not provide for any courts to take the place of justice courts until after the legislature shall meet and pass the necessary laws. In the meantime there is no court wherein the matters involving small amounts can be heard.

The plan of the author of the amendment would make the judges of the new courts that the legislature might provide,

appointive instead of elective. It is argued that this scheme is ill-advised at this time when so much is being said about giving back to the people the power of government that is rightfully theirs to administer.

REPUUDIATES ACT.

The author of the amendment has recently repudiated his own act. It has been condemned by the City Club of Los Angeles; a committee of the Alameda County Bar Association has reported against it; and, locally, Senator John W. Stetson and Assemblyman Edward J. Bar Association, composed of Robert M. Fitzgerald, George W. Reed, Charles E. Snook, City Attorney Ben F. Woolner and District Attorney William H. Donahue, says:

"Under the present Constitution the Legislature has absolute power to provide procedure, fix salaries, abolish fees, regulate the number and jurisdiction of any power of these courts or any officer thereof.

"If power, it seems to us, is ample and sufficiently flexible to regulate the conduct of business in these courts, and renders nugatory, or at least inadequate, the reasons advanced by the author of the amendment for the abolition of these courts.

"The change is so radical, when in truth no change is necessary, that there is grave danger of chaotic conditions in the amendment which undertakes to destroy a system of courts now in operation without providing that the courts which are to supersede the present justice courts shall come into existence at once.

ABOLISH ELECTION.

"Furthermore, under the proposed plan and according to the author, these judges of the proposed courts shall be appointed instead of elected, and we believe that the people will administer their offices to the satisfaction of the public.

"Wherefore the committee begs leave to recommend against the adoption of Assembly Constitutional Amendment No. 26, the consideration of which has been heretofore referred to us."

In a public meeting at Los Gatos on Friday, Assemblyman L. D. Bennett, author of the amendment, advised his audience to vote against it. Among other things, he said:

"There are many legal opinions that the enactment of Amendment No. 26 would immediately do away with all justice courts in the State and leave civil and criminal actions in a state of chaos. In any event, its passage is bound to cause litigation and expense for litigants and justice courts in the State. It is a Supreme Court decision, which might be adverse to it, I advise people who wish to avoid this to vote against it.

"Any good which might be accomplished by its passage could, by a short delay, be obtained by a similar amendment which could be drawn up as to leave no doubt as to its purpose."

TYRRELL AGAINST IT.

Assemblyman Tyrrell says:

"I am inclined to vote against Assembly Amendment No. 26. The manner in which the amendment is worded leaves some uncertainty as to whether or not the present justice courts will remain in operation until the Legislature has an opportunity to provide a new system of inferior courts.

"I am going to vote against the amendment."

## SUPERVISORS WADE THROUGH MUCH ROUTINE

Matter of Inspection and Insurance of Boilers Is Referred to Committee.

### CORONER TISDALE MAKES REPORT ON INQUESTS

Five Hundred Dollars Appropriated for Decorations for Taft's Visit.

At a meeting of the Board of Supervisors this morning, on the suggestion of Supervisor Kelley, the matter of the inspection and insurance of the county boilers was referred to the building committee. Supervisor Kelley said that inspection of boilers was a good thing in itself but the insurance of the same was commendable because it made possible the payment of damages to persons who might be injured by any explosion that might take place.

Coroner Tisdale reported that he had held 29 inquests during September. Filed. A resolution was adopted appropriating \$500 to the committee on reception of President Taft for the purpose of decorating the Court House and Hall of Records on the occasion of the presidential visit.

Resolutions transferring \$4.84 from the fund and \$8.17 from the Pipe and Sewer fund to the salary fund were adopted.

### LIQUOR LICENSES.

A permit to sell liquor was granted to J. D. Lynch of Niles.

An application of F. D. Goulardie of Decoto for a liquor license was referred to the license committee.

Charles Cook, W. J. McLaughlin and F. R. Hamilton testified in the matter of the opening of a private road through the property of S. Papadakos that the property of the latter to be taken was 1.5 acres. According to the report of the viewers, Papadakos declines to consent to the taking of his property for the laying out of the road or to set a value upon the same.

opposition. The Turkish troops withdrew into the hinterland.

The texts of the notes issued by the Turkish and Italian governments, declaring that merchant vessels of the two hostile nations shall be seized and confiscated, were received.

Turkey took the initiative in this declaration.

### War May Bring Peace With Church

TURN, Oct. 9.—The war with Turkey may bring peace between the church and the state. A remarkable development in the situation is the address which Cardinal Maffi delivered yesterday in the cathedral of his archdiocese in Pisa, Italy. Cardinal Maffi is comparatively young, but, after Cardinal Rampolla, is the most prominent candidate for the papal chair. In an impassioned oration Cardinal Maffi recalled that two years ago he blessed the flag of the battalions Piva, which is now engaged in the war. In a stirring peroration the cardinal invoked a speedy victory for the Italian tri-color. This is the first time an Italian cardinal has publicly approved the policy of the quidam Cardinal Maffi addressed to the pastoral of Bishop Bonomelli of Cremona, which was in the same vein, and makes it appear that a party is growing in the highest ranks of the church, whose purpose is the saving clause of neutrality between the Vatican and the Italian government.

### Fort at Tobruk Is Taken by the Italians

ROME, Oct. 9.—Official dispatches received here yesterday say:

"Early this morning the ships of the first Italian squadron entered the roadstead at Tobruk in Bomba bay, where they found no Turkish warships. They summoned the garrison to surrender, but the Turks replied with a flat refusal and hoisted the Turkish flag.

"The battleship Vittorio Emanuele opened fire. The first shots carried away the flag and made a large breach in the fort. Rear Admiral Aubrey, commander in chief of the fleet, then landed several companies of marines, who after a short struggle, overcame the resistance of the small Turkish force. The Italians occupied the fort and hoisted their flag. A few Turkish prisoners who refused to surrender were made prisoners."

### NEVER PLANNED AHEAD.

"I never planned my life far ahead. The work of an ironworker probably precludes such planning, for such a man does not know when he will return at night. It probably tends towards fatalism.

"I wanted to learn of the organization in which I held office, particularly the legal end of it, and so I attended the Indianapolis College of Law and was admitted to practice in 1909.

"There is little else about my life except my arrest. I am an inmate reader, and since have been of books treating with economics and industrial matters."

James E. McNamara, who sat quietly by while his brother talked, also was born in Cincinnati. His father, a man June 2, 1882. He attended the common schools and then learned the printer's trade, which he has followed almost continuously ever since, working in job of printing offices, Cleveland, Cincinnati and other cities.

"Unlike me," said John J. McNamara, "my brother has never been especially active in trades union affairs."

### FUNERAL OF ELMHURST MAN IS HELD TODAY

ELMHURST, Oct. 9.—The funeral of the late John J. Elmhurst, 9210 Medford avenue, who died in his home yesterday morning, took place at 1 o'clock today from the Murphy undertaking parlors, 404 East Fourteenth street. The remains were cremated at the Oakland Crematorium.

Elmhurst was a prominent business man of this place and the husband of Mrs. Evelyn Phillips, ex-president of the Elmhurst mothers' club, and prominent in civic activities. He was survived, besides his wife, by a daughter Helen, aged nine years, and a son, George, 16 years old. His wife was 63 years old at the time of his death.

### TAILORS BACK ON JOB.

LOS ANGELES, Oct. 9.—Two-thirds of the 325 tailors of this city who struck a few days ago for an 8-hour day, better sanitary conditions and other improvements, returned to work today, their employers having granted their demands. It was expected that the employers of those still out would make similar concessions.

ment," says Senator Stetson. "I have talked with a good many lawyers and the consensus of opinion is that it does not contain the saving clause which would perpetuate the present courts until the Legislature passes the necessary law. It is more necessary to have these courts for the next two years than it is to pass the amendment at this time."

## ILLINOIS CENTRAL CHIEF CONFERS WITH STRIKERS

Southern Pacific Officials Assert That Employees Are Returning to Work and That Traffic Is Unhampered

JACKSON, Miss., Oct. 9.—Accepting the first invitation extended from strikers representing individual labor unions, President C. H. Markham of the Illinois Central, reached here today for a conference in Governor Noel's office with former employees of the system and State and city officials. President Markham was given to understand that he was not expected to confer with the strikers, but merely representatives of local labor organizations, a number of whom are ready to return to work if proper assurances are given.

President Markham was given a telegram stating that fifty employees of the Illinois Central at Mounds, Ill., returned to work this morning.

The conference between President Markham of the Illinois Central railroad and Governor Noel of Mississippi and the strike leaders adjourned without arriving at any agreement.

### Peace Prevails in West Oakland Yards

On both sides of the high board stockade surrounding the Southern Pacific yards in West Oakland, it was noticeably quiet this morning and the situation of the shop men's strike opened with both sides remaining firm, the union men in their demand and the railroad company standing by their ultimatum issued last week, which practically declared that hereafter the company will operate the shops on an open basis, itself determining the rules that shall govern what men will be in its employ.

No acts of violence or vandalism have been reported. Within the yards there is considerable activity and the officials declare that they are having little difficulty in keeping up the schedule of all trains, and that business for this time of year is heavier than ever in the past.

The striking shop men held a meeting this morning in their headquarters, at which time a number of speakers addressed the 300 men and the situation was discussed at length and reports rendered by pickets and the various offices. The headquarters have been fitted up for the entertainment of the men, reading tables provided and other forms of amusement installed. It was indicated by the leaders that there will be developments of some consequence to their cause within the week, but just what they have in mind has not been ascertained.

### Striking Shopmen Call for Their Pay

SAN FRANCISCO, Oct. 9.—A large number of the striking shopmen called for their pay in response to a notice sent out by H. J. Small, superintendent of motive power of the Southern Pacific. The names of none of the strikers appear on this month's pay roll, according to a statement made by company officials today. The federation's attorney advised the members that if they did not call for their pay their names would be retained on the rolls.

### Strike at Fresno Completed Today

FRESNO, Oct. 9.—The three remaining machinists helpers at the local roundhouse joined the strikers today. Union men claim that the only workmen remaining at the roundhouse are a machinist, a boilermaker and a third man, who are not strikers. The strikers today stated that several Greeks had been offered railroad jobs but had turned down the offers.

A gang of Mexicans imported last night have been engaged to clean cars. Assistant Superintendent Dods of the railroad says that the only desertions

Two years after the officers were removed there another change was made to Indianapolis, for the reason that so many labor organizations had their international headquarters there.

### Re-Examination of Attorney Harrington Postponed for Time

LOS ANGELES, Oct. 9.—By agreement today between attorneys for both sides, the re-examination of Attorney John R. Harrington, of counsel for the McNamaras, before the grand jury was postponed for re-setting. This was done to permit Attorneys Darrow and his associates and District Attorney Fredericks to attend the examination of the first venire of jurymen for the McNamara trial.

was scouted as an idle dream and a vain prophecy, but quicker than even the most enthusiastic of Oakland's citizens had hoped for it has become one of the accepted facts of the modern world of commerce.

### IS BUT A BEGINNING.

The shipment by the Virginian today, large as it is and representing as it does hundreds of thousands of dollars in value, is but a beginning, and the American-Hawaiian Steamship Company will, alone, during the month of October, ship from the same Oakland wharf to the same and other ports of the Eastern States and Europe nearly 40,000 tons of similar products from these same rich interior valleys of California which make the tributary country of Oakland. As it is easier and cheaper to make the shipments of the outgoing produce from Oakland, so the incoming freight destined to supply the ever increasing needs of the rapidly developing country back of Oakland, is expected to be transferred from the holds of the ships to the cars of the railroads at Oakland wharves.

## GOLDEN WEDDING DAY CELEBRATED

Mr. and Mrs. Mark Ryan Receive Many Gifts and Congratulations.

Mr. and Mrs. Mark Ryan of 914 Eighth street celebrated the golden wedding anniversary this afternoon between the hours of 2 and 7. One hundred and fifty invitations were sent out for the reception.

The rooms were decorated in gold and white, an abundance of chrysanthemums and other yellow flowers being used. The emblem "61 and 1911" was hung in a prominent place.

The Ryans came to Oakland in 1861 and have many friends here. They received a large number of handsome gifts and many congratulations came by telegram.

### COLONEL IRISH SPEAKS.

Among the guests were Col. Jno. P. Irish and his family. Speaking of the happy event Colonel Irish said:

"We have been neighbors of Mr. Ryan and his wife for nearly thirty years and each day they have grown in regard and respect. Mr. Ryan came to this country a boy, an Irish exile. He took the first work he could find, though it provided him with no place to stop and food. From that start, solely by his own industry, thrift and temperance, he has achieved a competency and an ample home for his old age. His faithful wife has done her full duty in the conquest of fortune. All that he has earned, and he never could bite nor sup from another's mouth, Mr. Ryan is an example to be followed by the young men of today. The more men we have like him the better will this old world be."

### DR. SMITH TO ADDRESS ILLINOISANS TONIGHT

Rev. Arthur Maxson Smith, D. D., pastor of the First Unitarian Church of Berkeley, will lecture before the Illinois Society at Woodmen Hall, Oakland, this evening at 8 o'clock on the subject, "The Political Conscience of the American People." The public is invited. Refreshments will be served.

### SYDNEY AYERS

A Rapid Passing Phase of California Life.

Prominent among notable motion picture productions that have been seen in Oakland is "The Rapid Stage Lines," being shown today and tomorrow at the Camera Theater, Twelfth and Broadway, produced by the Solis Western Stock Company, now in Southern California. It illustrates the good old stage coach days in the thirties and forties.

To those who have any lingering doubts as to the high quality and upliftment of the photo play, it is a revelation. The action of the principal, Mr. Sydney Ayers, can be recommended as a criterion. Taking the character of Henry Harding (stage owner), a rugged forty-niner, he brings to us a touch of the free and wild life on the frontier in pioneer days. Full of fast riding, horse statistics, stunts, action, yet bubbling over with mirth and Western wit, staged amidst the grand natural scenery of Southern California, it is a photo play treat long to be remembered.

# To the Voters of Northern California

We, the women of the Northern California Association Opposed to Woman Suffrage, urge you not to thrust the womanhood of this State into the political arena at the request of the small minority of women who are asking for the ballot.

Mrs. Harriet Stanton Blatch, one of the leaders of the world suffrage movement, in Pearson's Magazine, February, 1910, said: "I've given up the American woman. She's hopeless. If it depends upon her, women will never have the ballot!"

The National Woman Suffrage Organization circulated an appeal in this State during this campaign, in which, under the signature of Jessie Ashley, national treasurer, it is admitted that there are only 75,000 Organized Suffragists in the United States working among 93,000,000 people, and that the 75,000 organized suffragettes are not sufficiently interested in the agitation to give a dollar each to the movement!

In 1895 the question of woman suffrage was put to a referendum vote of the women of Massachusetts. Out of nearly half a million women who might have voted on the question, only 22,000 were sufficiently interested to cast a vote either way!

Since that time the suffragists have fought every attempt to put the question to a vote of the women, even as they fought it here in California!

**When in the polling booth, we ask you to remember that the vast majority of California women do not want to vote.**

We ask you not to put upon our shoulders the responsibility of man's work.

The advance of woman—moral, intellectual and economic—has been made without the vote.

Woman now stands outside of politics and may appeal to any party on matters of education and reform.

The ballot does not govern the law of supply and demand and so cannot affect the wages of woman. It has never raised the wages of man—why should it be expected to do so for woman?

The woman suffrage movement is a backward step in the progress of civilization. Do not permit California to take a step backwards.

## **Women are not free in Suffrage States**

In his story, "The Beast," on page 307, Judge Ben Lindsey has this to say of the Honorable Alma Lafferty: "I went at the beginning of the campaign to practically all the woman's suffrage leaders, who, at national meetings, had been telling how much the women had done for the Juvenile Court in Denver; and none of them dared help me. Women like Mrs. Mary C. Bradford and Mrs. Lafferty (who was a member of the last Legislature) took the platform against me and supported the System in its attempt to 'get' the Juvenile Court."

On page 306 of the same volume, Judge Lindsey says: "I talked to a number of school teachers—they told me they dared not make themselves conspicuous—the teachers were afraid of losing their positions!"

On page 307 of "The Beast," Judge Lindsey says again: "If anyone believes that woman suffrage is a panacea for all the evils of political life, he does not know what those evils are—the women are as helpless as the rest of us—they are bound by the same bread-and-butter consideration as the rest of us. Their leaders in politics are politicians; when they get their nominations from the corporate machines they do the work of the corporation, and there is almost no way to get a party nomination except from a corporation machine. Women in politics are human beings; they are not 'ministering angels' of an ethereal idealism, and they are unable to free us, because they are not free themselves!"

## **Suffrage leaders abuse their freedom**

Rev. Anna Shaw, president of the National Woman's Suffrage Association, says:

*"I would make motherhood a governmental institution. I would pension all mothers and have them provided for, first to last, by the State. I believe that motherhood should be independent of man."*

*"One crying need of our civilization is the presence of women on the police force. I would place a woman policeman at the door of every saloon and dance hall, every nickel theatre and every factory."*

Mrs. Carrie Chapman Catt, president of the International Woman Suffrage Alliance, says:

*"I believe that the time will come, and that comparatively soon, when every American woman who does not earn her own living will be considered a prostitute."*

These are the lengths to which the leaders of this movement are willing to go, and anyone who favors it, favors them, and must be ready to take the consequences.

## **Is this a direct blow at the American Home?**

Mrs. Harriet Stanton Blatch, one of the leaders of the world suffrage movement, said in her discussion of the economic emancipation of woman that she rejoiced in every co-operative working woman's dwelling because it aimed a blow at the isolated house, and she repeated her proposition regarding the institutional care of children.

Another leading suffragist, in an article on woman's work in America, says: "Suffrage aims to benefit woman by recognizing her as a perfect equal of man, politically and socially, and by fixing woman's means of support by the State so as to render her independent of man."

## **Nothing Sacred to Suffragists**

The suffragists have travestied the Bible, the Declaration of Independence and the American flag.

They have travestied the Bible with their "Woman's Bible," in which they take exception to the Creator as a Heavenly Father, instead of a Divine Pair!

They have travestied the Declaration of Independence—have mocked the most hallowed document of the nation and assert that man "has made her (woman), if married, in the eye of the law, civilly dead. He has endeavored, in every way that he could, to destroy her confidence in her own powers, to lessen her self-respect and to make her willing to lead a dependent and abject life."

The tenth count in the Suffrage Declaration of Independence is: "He has usurped the prerogative of Jehovah himself, claiming it is his right to assign for her a sphere of action, when that belongs to her consciousness and her God."

The editors add: "Quite as many false ideas prevail as to woman's true position in the home as elsewhere. Womanhood is the great fact of her life, motherhood and wifehood are but incidental relations."

The American Flag is not good enough for the suffragists. They have made a mockery of the national emblem by flaunting the flag with but five stars in the field, signifying that only those five States in which women vote are worthy a representation on the national emblem.

## **Women Don't Want Ballot**

The great majority of California women do not follow the suffrage flag; they do not want to vote; they depend upon the manhood of California to protect them from the responsibility of the ballot. They rely on manhood suffrage and a safe and sane government.

**Vote Against the Woman Suffrage Amendment!**

## SOCIETY

ARDS were received this morning for a smart tea which will be given in Alameda on the afternoon of Saturday, October 21, by Mrs. Jennison (Hilton) Hall, Miss Caroline and Miss Jessie Hall take an active part in the social life of Alameda and this city and their home is a center of much hospitality.

Other affairs scheduled for the next fortnight will be the bridge party which Miss Bina Moseley will give in honor of Miss Dorothy Taft on the afternoon of October 19. Mrs. Newton Koser will entertain for Miss Taft at luncheon on the twelfth, and Mrs. George Whitney is planning a luncheon and bridge for the popular young debutante, the exact date of which has not been set.

Miss Nellie Adams will entertain for Miss Taft tomorrow night.

### SMART LUNCHEON.

Miss Marie Dieckmann was hostess today in San Francisco at a charmingly-appointed luncheon at the Palace hotel, making Miss Mildred Foster, the promised bride of William Hagan, the guest of honor. A number of local girls crossed the bay this afternoon to attend.

On tomorrow afternoon Miss Ruth Sadler will be complimented at a luncheon, over which Miss Hattie Schultz will preside.

### SOCIAL CLUB GIVES DANCE.

The La Paloma club gave the second of its autumn dances at Maple hall Friday evening last. The dance was well attended and much enjoyed, the music being unusually good. Many pretty gowns were worn. The next dance of the club will be held on October 20.

**HILLSIDE CLUB GIVE EVENING.**  
The card and dance section of the Hillside club gave an evening on Saturday, at which Mrs. Fred Wallace was hostess. She was assisted by Mrs. A. H. Allen, Mrs. F. M. Todd, Mrs. P. P. Pray, Mrs. W. A. ale, Mrs. T. L. Underhill, Mrs. E. E. Bosworth, Mrs. C. M. Perkins and Mrs. L. R. Whitney.

### TO GO EAST.

Miss Marie McHenry will spend the early winter touring the Atlantic coast in company with her father, F. T. McHenry.

### A SURPRISE PARTY.

A delightful surprise was given recently in honor of the recently-wedded Mr. and Mrs. H. Head at their party home in Oakland by Mrs. C. Wirth. Vocal and instrumental music was one of the evening's enjoyments. After much informal fun, all of the party

MRS. FRED SLEMMONS, one of the most active matrons in club and social circles.

were invited to continue the evening's pleasure at the home of the hostess, Mrs. C. Wirth, where supper was served. Those present were: Mr. and Mrs. Hallen Head, Mr. and Mrs. R. C. Schubert, Mr. and Mrs. D.

M. Cutting, Mrs. A. Fasshauer, Mrs. C. Wirth, Mrs. F. Borchert, Miss C. Fisher, Miss G. Head, Miss J. M. Neumann, Miss J. C. Wirth, Miss F. Fasshauer, J. C. Fasshauer, M. E. Neumann, C. Partenecky.

### READING CLUB.

The members of the Bay View Reading club opened the season at the home of Mrs. E. E. Hall on Fairmont avenue. After enjoying a dainty luncheon, the afternoon was devoted to a study of Africa.

Last Thursday's meeting was held at the home of Mrs. Christine E. Cramer, at which time Egypt was the subject, with quotations from Antony and Cleopatra.

The members for this season are: Mrs. J. H. Bills, Mrs. O. B. Caldwell, Mrs. J. M. Davis, Mrs. A. R. Dow, Mrs. R. B. Gaylord, Mrs. A. K. Harford, Mrs. J. R. MacGregor, Mrs. E. A. Majors, Mrs. H. A. Makinson, Mrs. R. Merrill, Mrs. R. W. Neighbor, Mrs. C. F. Osgood.

### RETURN FROM EAST.

Mr. and Mrs. Asa White are being welcomed home after their trip of three months East, where they were the guests of their daughter, Mrs. Faintone, formerly Miss Florence White.

### WELCOMED HOME.

Mrs. W. D. Huntington, after a sojourn of several months in Europe, is being welcomed home by her wide circle of friends.

### IN BUTTE COUNTY.

Mrs. Charles Tidale of Alameda writes that she is enjoying some interesting days in Butte county, where she is the guest of her daughter, Mrs. Edward Leighton Varney.

### VISITING IN BAY CITIES.

Mrs. Merman Krusi has been entertaining as her house guest Mrs. Nellie Johnson of Fresno.

Mrs. A. T. Mears of Seattle, mother of Rev. C. L. Mears, pastor of the Alameda First Congregational church, has arrived, and will visit for several months in the Encinal City.

### LARGE BRIDGE PARTY.

Mrs. Robert Newell and her mother, Mrs. John Spring, will issue 250 cards for the bridge party which they will give on October 26 at Town and Gown clubhouse. The affair is to be a smart one, attended by guests from all the bay cities.

### PIEDMONT MUSICAL CLUB.

The Piedmont Musical club gave an unusually interesting program recently, when they were the guests of Dr. Murray L. Johnson. Samuel H. Taylor read a paper on Mascagni, Leoncavallo and Puccini, after which their works were presented in a song program.

Mrs. Maud Russell Robbins gave an interpretation of the libretto of Madame Butterfly, assisted by Mrs. Clark Pomeroy at the piano.

Minette Hoffman sang the "Balatella" from "Pagliacci," following the prologue by G. C. Buehner, director of the music at Stanford University.

Instrumental numbers were given by Miss Carrie Bright, violinist; Paul Mohr, cellist; Mrs. Pomeroy, pianist.

### BIRTHDAY PARTY.

Mrs. Lottie Howard was hostess at a birthday party on Saturday in compliment to her daughter, Miss Leola Howard.

Gifts and cards were many and many were used in the decorative scheme. Among the guests were: Eva Terrari, Anna Terrari, Isabel H Jennings, Rachel Thompson, Gladys Maxwell, Lillian Downie, Helen Byers, Emma Furrier, Hazel Hamilton, Lorraine Shaw.

**ANOTHER ENGAGEMENT.**  
Considerable interest is taken in the formal announcement of the betrothal of Miss Olive Stow, a descendant of one of the pioneer families of the State, to Stanley Ward MacLewie, formerly of New York, but now established in business in Oakland. Miss Stow is the granddaughter of W. V. Stow, for whom the lake in Golden Gate park was named. She is the daughter of the late W. V. Stow, Jr., and Mrs. Stow. Formerly the family home was in Oakland, but a few years ago, when Miss Clara Stow entered the University of California, and Miss Olive Stow became a student in Miss Head's seminary, it was moved to Berkeley.

The bride-elect is a girl of unusual beauty. No plans are being made for the wedding because of her youth. MacLewie belongs to a distinguished family of the southern States. He came from New York but a few years ago to engage in business in the bay cities.

### AMATEUR PERFORMER.

Mrs. Fred Slemmons, a society and club woman, is this evening taking a place in the dramatic world by her clever impersonations of juvenile characters. Recently she appeared in the suffrage play entitled "The Winning of Senator Jones," which was produced by the Oakland Club in Starr King Hall, where she scored a hit.

**WEDDING OF BERKELEY MAN.**  
Letters received today from Stockton tell of the very picturesque wedding solemnized on Saturday night, when Lyle E. Spangler of Berkeley married Miss Margaret Westbay, a belle of the Gateway City. The rooms had been converted into a bower of blossoms; dainty pink and white cosmos in profusion, combined with palms and ferns, made a charming setting for the dainty bride. The marriage ceremony was performed at 9 o'clock by Rev. John Stephens, the young couple standing manfully beneath a bower of pink blossoms and ferns.

Austin W. Sperry, who is an intimate friend and colleague of the bridegroom-elect, was best man. Mr. Spangler's mother and her relatives at the ceremony included Mr. and Mrs. L. A. Spangler, Mr. and Mrs. Hart Wood, Miss L. V. Drain, Mrs. Katherine Sperry, Mrs. J. V. Burrill, Mr. and Mrs. Robert Forgie, Miss Gould, Miss McKenzie, and Warner Brittain were Berkeley friends who attended the wedding.

**OAKLAND MAN'S ENGAGEMENT.**  
Mrs. Colin Campbell of Tucson, Ariz., announces the engagement of her daughter, Jean Hunter Cameron, to Leland Drew Adams of Oakland.

Miss Cameron is the daughter of the late Colin Cameron, brother of Don Cameron, Senator from Pennsylvania. Mr. Adams is the son of Mr. and Mrs. F. D. Adams, who is connected with the Sheriff's office of Alameda county. Mr. Adams is a

## Massage as an Aid to Beauty

By LILLIAN RUSSELL

(Copyright 1911; By Lillian Russell.)

It is a good plan to alter the arrangement of your hair occasionally. It changes the strain on the scalp and prevents the hair growing thinner in that place. Particularly, one should change the arrangement of the hair as one grows older and the face takes on stronger character lines. A strong, beautiful face can be made ugly by unbecoming coiffure. I am sure that half the women I see do not look into their mirrors before leaving their rooms or they certainly would take time to rearrange their hair. In the first place, remember your indispensable mirror; you must see the profile and back of your head before you can be sure that your coiffure is properly arranged. If you have a large head wear your hair plain. Be sure it is clean and soft, and you can dress it as you wish, but be careful not to make your head look any larger than necessary. Remember that the ancient Greeks who were the most beautiful people the world has ever known, considered a small head a mark of beauty.

tions in the hair. Surely no woman is conceited about her tresses who adorns her head this way, for lovely hair is a sufficient and regal adornment to any head. To make the hair beautiful it should be brushed with two brushes at the same time: both sides at once, brushing up as well as down. I am a great believer in massage for the head, as it is not only good for the hair, but for the muscles of the face and the color which it brings into the cheeks.

Some facial specialists never rub the face at all, but massage the head thoroughly, rubbing up in front and behind the ears, holding the flesh up tight several seconds each time, knowing that the massage in this manner pulls up the drooping cheeks and tissues and hardens the skin by bringing the blood to it. Much brushing of the hair is also wonderful for rounding the arms and making the hands white, especially when both brushes are used at once. Remember, a woman's hair may be her crowning glory, but few women wear crowns becomingly.

*Lillian Russell*

MRS. S. M.—The liver, when too inactive or overworked, causes the skin to become yellow and assume a queer appearance, to which the term "muddy" has been applied. Water taken freely between meals is a partial corrective, at least of bowel torpidity. Two quarts daily should be consumed. It is a wonderful cleansing agent and a stimulant to the system. Bat quantities of oranges three times a day if you like, as they clarify the complexion. Rare beef is good for the complexion, while veal and pork are absolutely prohibited. If you will send me a letter with a self-addressed, stamped envelope I will send you a simple treatment for constipation, the recipe for a harmless bleach for the skin and my dietary for reducing flesh. To reduce the abdominal practice contracting the abdominal muscles. This exercise will strengthen them and help to get rid of superfluous fat. By standing in front of a mirror you can see for yourself the effect of this exercise on your carriage.

"ETHEL"—The following are the deep breathing exercises you desire: The first thing in the morning and the last thing at night, when you are clad only in your night dress, open your window and standing straight, with your back against the wall, fill your lungs, breathing through nostrils, with the mouth closed, until your lungs are able to hold no more. Then, while you are counting four, expel the breath through the nose, counting seven. Do this five times.

LILLIAN RUSSELL.  
Copyright Photo by Schloss, N. Y.

Retain the breath while counting four; then gradually lower the arms and at the same time expel the breath and count seven. Repeat this six times.

Practice deep breathing constantly. Take deep inhalations with the mouth closed, retain the breath a few seconds and exhale through the nostrils. Lay your hand on the abdomen when you take one of these deep breaths and you will see the flattening effects upon the stomach.

BESS AND KITTY—I do not believe in taking internal remedies for developing the bust. More can be done by massage, which should always be gently performed, and with a circular upward motion. Nothing is better than cocoa butter. Deep breathing exercises are also good for development of the bust.

FRIEDA—The eyelashes should be brushed daily, the strokes turning upward so as to curl them. A little almond oil or vaseline is placed on the finger, tip the lid lifted with the other hand, and the little rim of delicate hairs touched several times, going backward and forward. Cocoa butter melted and applied with the fingers is also used. This is a great stimulant and will improve the most stubborn lashes unless the physical condition is greatly depleted. If you care for it and will send me a note with your stamped, self-addressed envelope asking me for it I will be happy to send you the recipe for the hair curling fluid.

## Women in the News Today

**ORTHAMPTON, Mass., Oct. 9.**—The latest evidence of one of the accompanying benefits of a college education for women has just come to light in an investigation conducted by the alumnae of Smith college, who find in the cases they have observed that out of 57 marriages of college graduates there is only one divorce.

In contrast to this percentage is that disclosed by the investigators, who have found that there was one divorce out of every 10 or 12 marriages of non-college women.

The Smith college investigators declare that out of 55 marriages in which graduates of Smith college are the participants there is recorded only a single divorce, making the average extremely low.

### Society at Polls

SAN JOSE, Oct. 9.—With society women of San Jose joining the ranks of the suffragists, the election Tuesday, as far as Santa Clara county is concerned, promises to be intensely interesting and exciting.

In answer to a public appeal sent out by the Equal Suffrage league, more than 100 women prominent in society, who have volunteered their services upon election day.

Among them are Mrs. J. O. Hayes, Mrs. Charles D. Blaney, Mrs. Leonard Stocking, Mrs. William Knox Beane, Miss Satterthwaite, Mrs. Renowden Bailey, Mrs. E. E. Smith, Mrs. Wilbur Saunders, Mrs. Flora James, Miss M. Applegate, Mrs.

graduate of Berkeley and at present is superintendent of the McDonald mines, Quebec, Canada.

The marriage was a quiet one owing to the recent illness of Mr. Samuel's brother. The service was read in the presence of the bride's parents and immediate relatives. Mrs. Samuels is a talented musician. Many beautiful wedding gifts were received.

Mr. and Mrs. Samuels left for a honeymoon to Journey to Europe in the southern part of the State. A reception will follow on their return at the bride's home.

Andrew Phill, Mrs. Louis Tompkins, Miss O. P. Sprout, Mrs. F. B. Brown, Mrs. S. Bacon, Mrs. L. B. Wilson, Mrs. W. S. Orris, Mrs. W. E. Stevens and Mrs. R. R. Syers.

### Fad Makes Money

FAIR OAKS, Oct. 9.—Mrs. S. L. Winchester, the widow of the inventor of the famous Winchester rifle, who annually erects a costly country residence in the belief that by doing so her life is prolonged one year, has disposed of her country mansion here at a fancy price to Mrs. Herbert Fleishacker.

It is reported that the adjoining property has been sold to a member of the Fleishacker family by the Marks estate.

Mrs. Winchester said to have made several hundred thousand dollars in transactions involving the residence built in line with a fad.

She is slowly disposing of her large holdings in the properties will be improved by the new owner, Mrs. Fleishacker has been occupying the Donohoe residence all summer.

### Gets Bashful Man

NEW YORK, Oct. 9.—The extreme bashfulness of Werner Anderson, 221 Marlborough road, the most fashionable district in Flatbush, will send him hurrying off on a belated wedding journey to the Pacific coast and Hawaii, following the announcement of his marriage to Mrs. Lillian M. Cox, a pretty young widow daughter of the late William H. Ray, at one time acting mayor of Brooklyn.

Mrs. Cox was automobiling on the coast two years ago when the motor balked on a mountain road in Switzerland. A passing young American restored the engine to running order. The young man was Anderson.

Later there was a casual meeting in the Louvre. It was then that they learned that they were almost next door neighbors in Flatbush. They became engaged early this year.

### Woman Leads Army

MIDDLEBORO, Mass., Oct. 9.—Urged on and impelled by a woman already past middle age, yet young enough to dare begin life over again in a strange, new region, 20 residents of this town have uprooted their long established homes and under the enthusiastic leadership of Mrs. Benjamin F. Marlow, set out for California.

This is the largest exodus from any New England town in recent years, and is unique from the fact that many of these people who have left their homes for new ones are well along in years and none has the slightest knowledge of culture of oranges, lemons or olives, to which they will devote themselves upon arrival in California.

lists in her declaration to the police that only she and her husband knew of the hiding place of the money under the kitchen floor. Mrs. Molles also maintains stoutly that the money was in the can and the can in its hiding place when she left home yesterday, and that the can was empty when she returned and found her husband dead on the floor.

The police confess themselves baffled by the mystery. They can divine no motive on Mrs. Molles' part for taking the money, which was already as much hers as her husband's, and yet they are convinced that no one else knew of its existence.

The autopsy to determine the cause of Molles' death has not been completed. Mrs. Molles is kept under surveillance, but has not been arrested.

### Recovers Watch

SANTA ROSA, Oct. 9.—While landing from a boat at Bodega bay a year ago last Decoration Day, after a sail with some friends, the late Jacob Schelling of this city dropped a valuable gold watch into the sea. Diving and other methods failed to find the watch and it was given up for lost.

A few days ago Herman Weber, superintendent of the Petaluma Lighting Company, was walking along the shore at Bodega and picked up the long lost watch in the sand. The mechanism was found to be hardly damaged.

### HAVE COUNTRY WEDDING.

SANTA ROSA, Oct. 9.—Christian J. Jenne, manager of the American District Telegraph company, and Miss Daphne Unger, both of San Francisco, were married Saturday afternoon at the country home of the bride's parents at Rio Nido, on the Russian river. They will live in San Francisco.

For either the faded blonde's skin or the brunette's oily or sallow complexion, the best remedy is ordinary mercurized wax. Used daily, this will give one an entirely new complexion within about a week's time. The wax gradually absorbs the worn-out surface skin, with all its defects, a little each day, without affecting the delicate under skin in the least. The latter will have the exquisitely beautiful glow of youth—indeed, one may readily lose ten or fifteen years from her age, so far as appearance goes, by a course of this simple treatment. Mercurized wax, securable at any drug store, is applied like cold cream.

Officeseekers of Wisconsin  
Helped Spend Stephenson  
Fund.

Inquiry at Milwaukee Brings  
Out Sensational Evi-  
dence.

MILWAUKEE, Wis., Oct. 9.—Numerous candidates for the Wisconsin legislature, which was to elect a United States senator, received money out of the \$107,793 campaign fund of Senator Isaac Stephenson, according to testimony today before the senatorial investigation committee. Rodger Sackett, one of the Stephenson campaign managers, testified that Thomas Reynolds received several hundred dollars; Levi H. Bancroft, \$250; C. C. Wellensgard, \$250, and four others similar amounts.

The men named were all candidates for the legislature at the primaries of 1908. Reynolds, Bancroft and Wellensgard were elected and in joint session they voted for Stephenson for the senatorship. It was declared by the witness, however, that the money was given to the men to promote not their own campaign, but that of Senator Stephenson. That the giving of money to candidates for office by another candidate was a violation of the State law, was the position taken by Senator Sutherland of Utah.

Sackett declared that in some instances it was shown that the men were candidates for the assembly, and in no instance were they to use the money for themselves. No promise was exacted from them that they should vote for Stephenson, it was said.

Under a sharp cross-examination by Senator Atlee Pomerene, Sackett admitted that \$10,000 to \$15,000 out of the Stephenson fund was given to persons of whose names no record was kept. It was given out in small amounts to campaign workers, he said.

BERGDOLL WINS  
IN RECORD TIME

Philadelphia Amateur, Driving  
Benz 90-Horsepower  
Car, Is Victor.

PHILADELPHIA, Oct. 9.—In one of the greatest road races ever in this city, Edwin Bergdoll, a Philadelphia amateur driver, won the Quaker City Motor club's 202 1/2-mile automobile race, with a 90-horsepower Benz car in Fairmount park this afternoon. His time was 2 hours, 13 minutes and 41 35-100 seconds. Wishart, in a Mercedes, was second, time 3 hours, 21 minutes and 52 78-10 seconds. Ralph Mulford was third in 3 hours, 21 minutes and 52 78-10 seconds.

Bergdoll not only lowered the record for the course, which was 3:29.07 88-100, made last year, but he twice lowered today the record for the lap. His best time was 23 minutes, 29 seconds for the 8 1-10 miles. The last previous time was made by Ray Harroun last year in a Marmon, when he covered the distance in 7 minutes, 38 seconds. There were no accidents and a great crowd of people saw the race.

The entries—Len Zengle, National; Ralph Mulford, Lozier; Charles Basle, Cole; Ralph De Palma, Mercer; Donald Herr, National; John Jaeger, Case; Edwin Bergdoll, Benz; Harry Grant, Lozier; G. Anderson, Stevens; Duray; Geo. Parker, Ohio; Grover Bergdoll; Fred Bets, Fiat; Louis Dismore, National; Spence Wishart, Mercedes; Willie Wallace, Mercedes.

COURT TO DETERMINE  
RIGHTS OF CHILD

SAN FRANCISCO, Oct. 9.—Superior Judge Graham this morning issued a writ of habeas corpus directed against Mrs. Lilian Christol, of 3861 Clay street, ordering her to show how she should not turn over the custody of Ray Monroe Lee, aged eight years, to his mother, Mrs. Eva E. Lee. Mrs. Lee was separated from her husband about six months ago, but was too ill to care for the child, who was turned over to the aunt.

Now the latter dislikes to part with him, and it is claimed she is being aided in her attempt to maintain possession of the boy by the grandmother, Mrs. Theresa Lee.

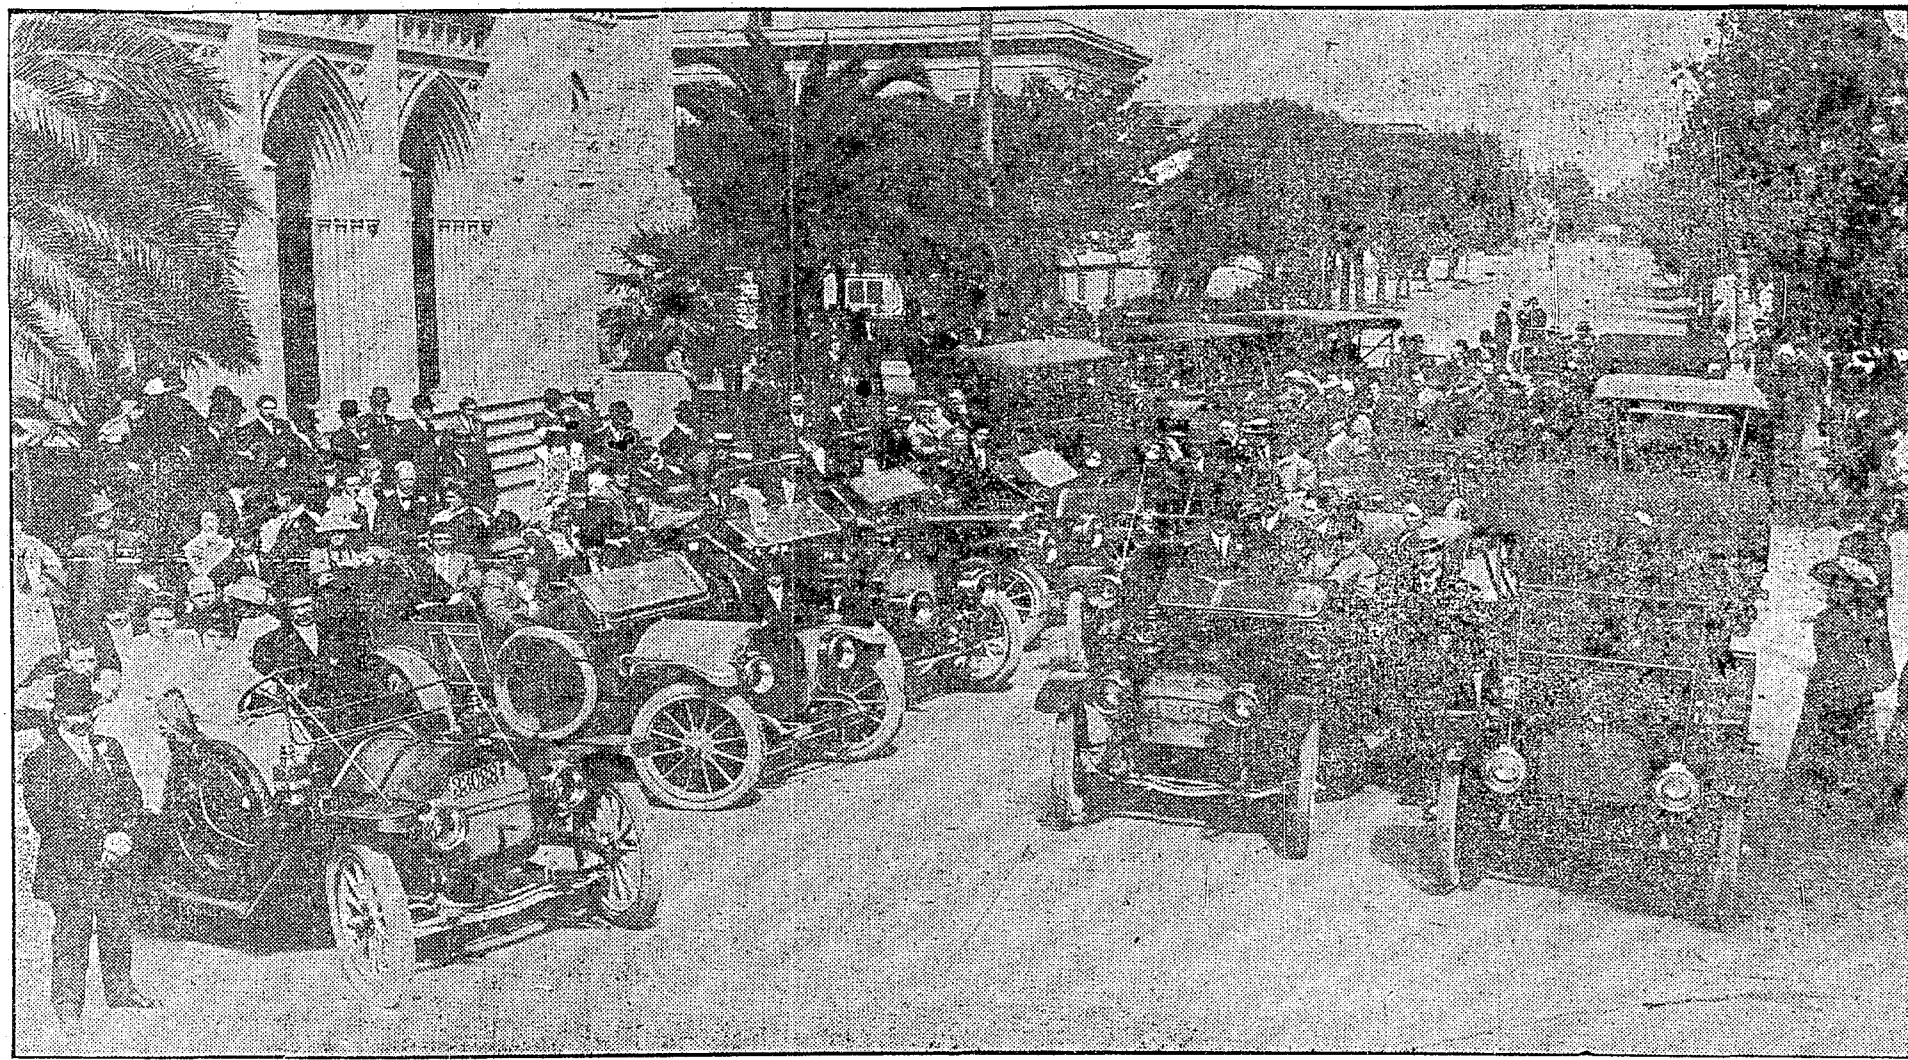

CHASE FOR FIVE CENTS  
ALMOST COSTS LIFE

Tim Sarrell, living at a rooming house on Fourth and Harrison streets, was near death this morning when he was struck by a car and was thrown against a fireman in charge of Motorman T. O'Neil.

Sarrell was riding on the outside of the fireman when he dropped a stick and stepped off to pick it up, not observing a Grove street car coming from the opposite direction. He escaped with a slight abrasion of the nose and a severe shrike-up.

## FIRES AT BURGULARY

SAN FRANCISCO, Oct. 9.—J. F. Bennet, of 615 Hickman street, caught a man attempting to climb through a window at his home at an early hour this morning. Seizing a revolver, Bennet approached, and as the culprit dropped to the ground and ran, he fired a shot at him. Bennet pursued the burglar for a short distance, but lost him in Duboce park.

Oakland Council Knights of Columbus just before the start yesterday on automobile trip to Mission San Jose from St. Joseph's Church, Alameda.

AN IMPRESSIVE  
SERVICE AT  
ALAMEDA

Council Makes Trip by  
Automobile to Mis-  
sion San Jose.

The annual gathering of Oakland council, Knights of Columbus, in holy communion was held yesterday at St. Joseph's church in Alameda. It was the largest and most impressive public demonstration of the local order since its organization, a number of years ago.

Each year it is the custom of the Knights of Columbus throughout the country to attend communion in a body, and the day is looked forward to with expectancy among the members.

Following mass yesterday, the members, over three hundred and fifty strong, repaired to the Young Men's Institute hall, where breakfast was served. After breakfast, Hubert J. Quinn, grand knight of Oakland council, introduced a number of speakers, including the following: Rev. P. A. Foley, rector of St. Joseph's church, who welcomed the knights; Neal Power, of San Francisco, State deputy of the order in California; James M. Hanley, grand knight of California council, K. of C.; T. I. O'Brien, grand knight of San Francisco council, K. of C.; Vincent Dodd, district deputy; C. D. Maloney, grand knight of Berkeley council; Rev. T. J. O'Connell, Joseph J. Rosborough and Joseph A. Kennedy, past district deputies, and Dr. Joseph G. Morrissey, past grand knight of San Francisco council.

Mr. Power's address, "Our Order," dwelt at length upon its growth throughout the world, the purpose for which it was organized, and its future.

"Generalities," the subject by Father O'Connell, proved a most interesting talk, and was listened to with a great deal of interest by the members present.

Over sixty automobiles were pressed into service to convey the knights to the old mission at Mission San Jose, there to attend the Benediction of the Most Blessed Sacrament.

The exercises for the day came to a close at 2 p. m. Vincent Dodd was chairman of the committee in charge of the arrangements for the program of yesterday. To him, in a great measure, is due the success of the affair, undoubtedly the largest of its kind ever held in California.

NAVY YARD BOOKS  
FAIL TO BALANCE

WASHINGTON, Oct. 9.—A discrepancy of over \$2,288,271 between the material on hand and that called for by the books of the Washington navy yard, was shown by the inventory of that yard just completed, according to an announcement by Secretary of the Navy Meyer, today.

This is the first inventory of record made at this yard within the last 25 years. The discrepancy is attributed to loose bookkeeping methods, which Secretary Meyer set out some time ago to correct.

## ROBBED AT DOORSTEP

SAN FRANCISCO, Oct. 9.—Followed by a man, who caught up to him just as he reached his own doorstep, William Jackson, of 2003 Franklin street, was held up early this morning and robbed of jewelry to the value of \$10.50. He reported the affair at the Bush-street station, furnishing a description of the footpad.

## UNDER THE BOND

The Right of Government Is the Consent of the Governed.  
An Appeal to the Voters of the State of California

Stand you forth, tradition and the law,  
By our womanhood arraigned.  
Bound by man-made bond, unnamed therein;  
We do plead for recognition now—  
Plead for justice, plead for right.  
This, the all-compelling force of ours,  
Calling to the soul of man;  
Ringing down the avenues of thought  
Into space ethereal!

That, for which it calls must answer back,  
Even from the mouth of Death!  
Laws not built upon eternal truth,  
Run the span of mortal life,  
Rise and fall and pass with mortal things.  
But the right keeps struggling on,  
Argued-eyed, impeccable through all;  
Life of every cosmic law.

Right, which is the attribute of God,  
He, does render unto all.  
Thus, I speak to justify my plea,  
Asking for that righteous part,  
If 'tis ours by God's creative will;  
Render it to us like men!  
Come, let's read the bond; what saith the bond?  
Lend your thought, for much depends.  
"Every native MALE shall VOTE, but these  
IDIOTS and LUNATICS,  
ALIENS, INFAMOUS, ILLITERATE."

Thus the bond does classify;  
Here is womanhood a nameless thing!  
Strange the nature of this bond!  
Male and female, God created all  
Equal in their destinies;  
Yet, in this, Creation's half is lost,  
Merged into the will of man.  
Great of girth this giant needs must be  
Gorged with half of human-kind;  
In satiety, disgorging some,  
Unrequited they must fall  
With the IDIOTS and LUNATICS,  
Loathed or pitied, as you will.

Ah, you wisely claim your pound of flesh  
Closest to the throbbing heart;  
Here is woman made a witless mate,  
Taking from her all of worth;

Oakland, Cal., October, 1911.

Giving soul and body, all that's hers,  
To the mastery of man.  
Cruel bond! For when you make her this,  
What availeth all things else?  
Though you shedded not a drop of blood,  
Weighed your pound unto a hair,  
What, your gain, for this, your treacherous bond?  
Ask the harlots, ask the slums,  
Ask the hospitals, the jails, the morgues;  
They cry curses, every one.  
Long the list of bonded forfeitures  
Centuries of records tell.  
Holding woman as a prisoner bound,  
Chained to base desires of man;  
He in turn must reap the karmic law,  
Suffer evil he has sown.

REASON is the spirit of the law,  
Reason gone, the law is dead.  
He who slays the spirit taketh life,  
What is life of mind bereft?  
Horror, better hidden in the grave,  
Slain at once, 'twere kinder deed.  
Think! If not to fear, 'twill be to feel;  
Think, feeling, learn to know;  
Know that man is half of Nature's plan,  
Woman equal unto him.  
Cruel bond is this your hands have wrought  
For possession of the flesh.

What, your boast from bond perfidious?  
Hatred for your autocratic sway,  
Scorn for diplomatic cant;  
Noble impulse throttled in its birth,  
Gain with ashes at the core,  
Rise, ye men of might! Be men of right!  
Force the living issues on,  
Every fibre of your manhood thrills  
With the basic laws of right!  
Cease all caviling; fulfill the law  
As Creation's God decreed!

Lo, the spirit of the promised day  
Faces you with all its power;  
Meet it now with all your majesty;  
Break the bond! Set woman free!  
Turn your eyes unto the Greater Light!  
Hand in hand go forth as ONE.

HUGE STURGEON  
CAUGHT IN CREEK

Gus Johnson Pulls in Fish  
Which Measures Six Feet  
Six Inches.

ALAMEDA, Oct. 9.—A monster sturgeon, measuring six feet six inches from tip to tip and weighing 150 pounds was caught by Gus Johnson, a carpenter and skilled fisherman in San Antonio creek, Sonoma county, yesterday. The fish was hauled in with rod and reel by a hook baited for bass, and required three hours to land. Johnson is one of the finest fishermen

on the coast, capturing medals last year for his skill in bass fishing.

VICTIM OF S. P. TRAIN  
DIES FROM INJURIES

SAN FRANCISCO, Oct. 9.—Glen L. Williams, a young watchman age 17, who was run down last night by train No. 15 at Vallejo Junction, died this morning at the Southern Pacific Hospital. Williams was walking on the track and did not get out of the way in time.

## HOUSE RANSACKED.

BERKELEY, Oct. 9.—While Mr. and Mrs. E. B. Windrom were visiting in Oakland Saturday their home at 2410 Fifth street was ransacked by a burglar, who obtained two small banks containing a total of \$37. Four bed sheets were also taken.

COLUMBUS KNIGHTS  
HAVE COMMUNION

Three Hundred and Fifty At-  
tend Mass at St. Joseph's  
Church.

ALAMEDA, Oct. 9.—Oakland lodge, Knights of Columbus, held communion service at St. Joseph's church at 8:30 o'clock yesterday morning. Following the service a breakfast was served to the 350 knights at the convent of Notre Dame, the wives of the Alameda knights and a bevy of young ladies of St. Joseph's parish serving the breakfast.

Later many of the knights were taken

to Mission San Jose, where the balance of the day was spent. The trip was made in autos, 25 or 30 machines being used. Other knights spent the day in this city, a large number of the visiting lodge men being shown about the city by the Alameda knights.

## PRIEST IS APPOINTED.

GRASS VALLEY, Oct. 9.—Rev. Father Clyde of Nevada City is to succeed the late Father Lynch, who died following an accident several days ago, when he fell downstairs at the parish house. The appointment was announced by Bishop Grace of Sacramento. Father Clyde will take charge of his new parish within two weeks.

## STOLEN CAR FOUND.

BERKELEY, Oct. 9.—A Franklin touring car, which was taken from the vicinity of the Hearst Greek theater while the owner, J. Grieg of 1223 Paru street, Alameda, with members of his family was attending the English club play Saturday evening, was found by Grieg on the west side of the university campus yesterday afternoon. The machine was undamaged.

Water Laps Tail Lights at

Camping Equipment, Guns and  
Valuable Papers  
Are Lost.

SAN BERNARDINO, Oct. 9.—After having nearly lost their lives in a three-mile race with a rockslide down a mountain side, Harry Groves of San Bernardino, R. Houx of Colusa and E. L. York of Los Angeles reached this city safely today.

The three men went into the mountains in an automobile to inspect mining property in which they were heavily interested. They camped in a narrow canyon, when, without an instant's warning, a cloudburst occurred just above them and a wall of water and a mass of boulders rushed toward them.

They sprang into their machine, having barely enough time to start it before the water and rock slide reached their camping place. At top speed they traveled down the canyon, the water at times lapping the tail lights. After a dash of three miles they reached a place of safety.

Their exit was so hasty that they lost their camping equipment, guns and valuable papers.

MRS. LARKINS SOBS  
OUT SORDID STORY

Tells of Wrecked Home and of  
Attempt to Kill the Other  
Woman.

"I was walking home, lonely and deserted. I had obtained a revolver and I thought I would take my life, as I had had nothing but trouble and misery since this woman stole my husband from me and wrecked my home. I had my head down and was walking along thinking about committing suicide when suddenly I noticed a woman in front of me, and looking up, recognized her as the common thing that had wrecked my home."

"The thought flashed through my mind of all the wrong she had done me and without realizing what I was doing, I shot her. I am not sorry."

"It doesn't make any difference what they do with me now. I am sick and alone. My husband's love made a thing of scorn and contempt because it is directed to so low an object."

This is the pitiful declaration sobbed out by Mrs. Mary E. Larkin, in her cell in the city prison this morning. There is no indication that Mrs. Larkin is mentally unbalanced, as she talks quietly about the affair and gives an explanation of the sudden flare of passion which resulted in her shooting at her rival.

No charge will be placed against Mrs. Larkin until the fate of pretty Mrs. Marie Shaffer, now lying in a critical condition at the Receiving hospital, is known. Mrs. Larkin shot Mrs. Shaffer Saturday night, the bullet penetrating the lung, and as the missile is of brass the physicians fear blood poisoning may set in. The patient is conscious and the physicians hold out hope for her recovery.

The shooting took place Saturday night in Seventh street when Mrs. Larkin was on her way home from her husband's store, where she had received \$10 toward her support.

SUFFRAGE RALLIES  
IN SAN FRANCISCO

Women's Rights Advocates  
Held Mass Meeting  
There Today.

SAN FRANCISCO, Oct. 9.—One of the eve of tomorrow's election, which will decide the fate of 23 proposed amendments to the state constitution, militant workers for the cause of woman suffrage continued their campaign here. Men were invited to forego part of their luncheon hour to attend a big meeting in a downtown theater held under the auspices of the College Equal Suffrage League.

Among the speakers at this gathering were Dr. Charles F. Aked, J. Stitt Wilson, mayor of Berkeley; Miss Helen Todd, state factory inspector of Illinois, and other prominent men and women. The Holy Home has been wrecked and the patient is conscious and the physicians hold out hope for her recovery.

LOUIS J. CUNEO IS  
SUMMONED BY DEATH

Louis J. Cuneo, 28 years old and all his life a resident of this city, where he attended the public schools, died in the Merritt hospital yesterday after a five weeks' illness with typhoid pneumonia. The deceased is survived by a widow, Sadie Cuneo, and a daughter, Mildred. He was the son of Victoria and G. Cuneo and a brother of Mrs. Charles Billington and of Gabriel Cuneo.

The funeral will take place tomorrow morning from the late residence of the deceased, 295 Fourth street, thence to St. Mary's church, Eighth and Jefferson streets, where a requiem mass will be celebrated.

# HARRY SULLY HAS FLEETING PAINS

## Peripatetic Ache Moves From Left Big Toe to Right Little Finger.

BERKELEY, Oct. 8. — If you had a pain in your big toe, and after resorting to physical culture exercises to quicken your circulation, you found the pain transferred to the little finger of your right hand, wouldn't it exasperate you?

This is just what happened to Harry Sully, the genial secretary of Berkeley College, and the pain in his finger was so intense that Dr. J. W. Stitt and Dr. J. C. Rowell, exalted ruler of the lodge, and other physicians, Dr. J. W. Stitt and Dr. J. C. Rowell, called to see him.

"This may sound funny, but it didn't amuse Sully at all. He had his finger hurt for a long time, and now he can't give visiting brothers a good time by greeting them. He can't use the little finger of his right hand."

Under the doctors' orders he was going through del sarte exercises, and while going through the "London cabby's" operation of swinging the arms back and forth the little fingers of both hands clashed.

Sully suffered a new pain, but the b  
toe of his left foot immediately was free  
from ailment.

## Hogan's Pennant Hopes to Tackle Wolverton's Bunch Tomorrow in Final Series

### VERNON AND PORTLAND PLAY BEFORE 23,000 FANS

Morning Contest Is Record Breaker for Runs, While Second Game Is Almost as Bad; Two Games Today

LOS ANGELES, Oct. 9.—Portland and Vernon dumped a double-header on the public that was almost too deadly for even a large and robust community like Los Angeles to digest. All coast league records for attendance were shattered, approximately 23,000 persons seeing the two teams slaughtered in turn. Vernon bats were unchecked by the Portland machine in the morning game, when the Tigers literally tore through their opponents and won by a score of 27 to 1—the most one-sided contest of which there is any record in organized baseball.

McCredie promptly veiled his machinery together during the lunch hour and 13,500 well-wishers of the Tigers saw them crushed beneath the Portland steam roller at Washington street park, when the Beavers came back and won the second battle of the day by a score of 17 to 5.

RECORD CROWDS SEE GAMES. Both games were played before crowds that completely circled the fields. The Vernon park housed a record morning gathering while in the afternoon at Washington street park the overflow crowd in the field was so great that the outfielders played within 75 feet of the infielders. Ground rules making necessary hit into the crowd a double governed in both games.

Carefully searching through the ruins in the twilight it was ascertained that the combined efforts of the teams between the hours of sunrise and sunset had resulted in a grand total of 73 hits and 50 runs. Forty-three of these hits bore the Vernon trademark as against 32 for Portland. The Tigers tore off a total of 22 runs, while the best efforts of the Beavers resulted in 18.

TERRIFIC HITTING IN BOTH GAMES. Strenuous stick work by the Vernon stickmen was responsible for the Beavers' one-sided morning triumph. Koestner and Henderson were the saviors. Their slants were straightened out for 21 hits, including six home runs and 13 doubles. Koestner was found for 13 hits and an equal number of runs in 13 at bats and a double play Henderson, who succeeded him, was handled as roughly.

Portland retaliated at the expense of the Vernon heaver in the second spat of the day. Cameron inaugurated the conflict, only to be yanked out in the third after he had taken a four run lead. Cameron came to the rescue, fared no better, and was recalled in the sixth after the Beavers had puffed out three more tulle. Brackenridge was thrown out in the seventh, but he wasn't even given a breathing spell, as the Beavers insisted in putting across nine more runs before he sent back to the field. At the beginning of the seventh "Tex" Stanfield sallied out on to the slab. He succeeded in making the run, and the enemy until the ninth, when he was hit three times for a brace of runs.

Stolen bases were a stumbling block for the Tigers. Not until the sixth inning, secure in a 15-run lead, he eased down, were Hogan's men able to get a hit for anything in the shape of a score.

### INTEREST INCREASING EACH HOUR IN BIG TESTIMONIAL

Friends of Late Eddie Smith Show Appreciation of Manly Acts.

The interest which has been evinced in the testimonial benefit for the purpose of paying a tribute to the memory of the late Eddie Smith, the well-known sporting writer and referee, is most encouraging to the friends of the deceased.

There is a certainty that there will be a large sum raised for the purpose and also that there will be a very large attendance at the game of ball between the Oakland and the Vernons, which is to be the feature of the testimonial. The game will be played on the afternoon of the 16th inst. in Freeman's park, and there is no doubt that it will be one of the most interesting contests of the kind that has ever been held in this city. Besides the game, there will be base-running, ball-throwing, ball-hitting and a number of other diversions by the members of the two teams before the game for the masses to enjoy. There is no love between the Oakland and the Vernons, and as a consequence the visitors will do their best to win the game from the home team on the latter's own grounds. This will make the game one of the most spirited that has ever been played on the baseball grounds in this city.

The tickets for the benefit are selling for the small sum of 25 cents each, and as a consequence are within the reach of every person. Aside from this fact, however, there are hosts of the friends of Mr. Smith who will not be content merely with the purchase of a ticket. These will subscribe in a liberal manner to the fund which they will distribute among their friends. There are numbers of people who take delight in clean sports who will swell the throng in the support of the project and these are to be found in every walk of life. In the theatrical world several of the managers have agreed at the present time to devote some of their films every night to the support of the fund. Among those who have already taken action in this direction are Manager Smith of the Broadway and Camera theaters at the intersection of Broadway and Twelfth street; Manager Keirlein of the Lyric theater, on the east side of Broadway near Twelfth street, and Manager Price of the Central theater, on Eleventh street.

There is no doubt that the other managers will be no less liberal, but those whose names appear herewith are the only ones who have thus far been seen on a subject by the members of the committee in charge of the project.

The tickets have been placed on sale in all parts of the city and are selling in a most satisfactory manner. In the hands of all the prominent newspaper men on both sides of the bay. Aside from giving their services in the match between themselves and the Vernons, the members of the Oakland baseball team have subscribed for a good stock of tickets, which they intend to distribute among their friends. Among those from whom tickets may be procured are the following:

Bert Lowry, sporting editor of THE TRIBUNE; Bob Shand, sporting editor of the Oakland Enquirer; Allan T. Baum of the Examiner; W. J. Slattery of the Call; Harry B. Smith of the Chronicle; J. B. Bargerly and T. P. McGilligan of the Bulletin; Frank Herman of the Post; James W. Coffey of the Western Mail; John T. Clark, Wright's Billiard Parlor; San Francisco; Lynn Stanley, 1116 Broadway; Berovich's cigar stores at the corner of Twelfth street and Broadway; the Mecca cafe and cigar store; Pop Ward's Eighth and Franklin streets; Dave McLaughlin and C. J. Hesseman, Washington and Thirteenth streets; Stewart Gemmel, board of health; Rich's Cafe, Klein's cigar stores, County Auditor Garrison and from the members of the Elk lodges in this city, Alameda, Berkeley and San Francisco.

### ELKS OF OAKLAND CAN CERTAINLY PASTE THE PELLET

The Elks and Nile clubs engaged in a friendly game at Freeman's Park Saturday afternoon, and the former had plenty of chances to show their running ability, and if darkness had not set in they might still be circling the bases.

Every one of the winning team hit the ball hard. Beach Dean and Milo Hickox leading with five hits out of six chances. Hickox made his first appearance in the box for the Elks and outside of little wildness in the fifth inning twirled a good game. Blethen pitched the last two innings and had his slow ball under good control.

The losers had 11 errors, but considering the commencing that their pitchers were up against, did well not to have many more.

### ALAMEDA'S SOCCER TEAM TIES SCORE OF ARGONAUTS

ALAMEDA, Oct. 9.—Two games by teams of the Bay Counties soccer league were played here yesterday afternoon. The Rangers defeated the Corinthians at Lincoln park by a score of 2 to 1. The winners made their two goals in the first half the ball being driven into the net by Dorsen and Bruce James kicked the long goal for the losers.

On the field at Clement avenue and Oak street the Alamedas and Argonauts battled to a tie, the final score reading 1 to 1. The rainy weather affected the attendance at the game, but did not dampen the enthusiasm of the players. The teams lined up as follows:

Argonauts—A. Sims, Jewett, Clere, Farriman, Strong, Baker, James, Campbell, Hamblitt, no center, J. Seim. Alamedas—Mosey, Waidie, C. V. Hansen, Hearne, Wheeler, Noblett, Matthews, Orten, H. Hansen, —playby.

YALE LOOKS ALL THE  
BEST ON FORM IN  
FOOTBALL

NEW HAVEN, Conn., Oct. 9.—On a basis of comparative scores for the early season period, Yale appears the top-notch of the eastern football teams this year. Against Holy Cross, the Elis rolled up 26 points a week ago with comparative ease, using substitutes for about half of the game.

Under the same conditions, Harvard made eight points. Princeton has been registering some large scores of runs and hits, but was as strong as the Holy Cross eleven which has shown a lack of concerted action, the power and the spirit which has characterized the Yale play.

SOUTHERN FANS SEE  
SOME OLD-FASHION  
PILL SWATTING

The two games yesterday between Vernon and Portland were remarkable for the extensive hitting of the two teams and equally so because of the extra base hits that were made. All told, the two teams scored a total of 50 runs and 33 hits.

In the forenoon there were seven home runs and 17 two-baggers. The afternoon spectacle was less exciting from the quantity of runs and hits, but wasn't particularly far from the forenoon. There were 22 runs and 34 hits. Of these, one was a home run by Bill Steen, and in addition there were 14 two-base hits.

STANDING OF THE CLUBS. W. L. Pct. Philadelphia 89 65 578. Detroit 89 65 578. Cleveland 80 73 523. Boston 78 75 510. Chicago 77 74 510. New York 76 76 500. Washington 64 90 419. St. Louis 45 107 293.

ST. LOUIS, Oct. 9.—The American league season closed here with St. Louis winning two games from Detroit, 17 to 2 and 5 to 0. Cold weather kept down the attendance and the players did not exert themselves.

Score: Detroit 17 2 4 1 0 0 0 0 0. Batteries—Lafitte and Schmidt; Lake and Stephens.

Second game—Detroit 5 7 4 0 0 0 0 0 0. Batteries—Taylor and Wilson; Mitchell and Kritchell.

CHICAGO, Oct. 9.—Chicago and Cleveland closed the American league season here in a one-sided game. Chicago winning 10 to 4. White relieved Benz in the first inning and allowed only three hits while the Chicago batteries pounded Ed James and Baskette for 17 safe drives. By winning yesterday Chicago clinched fourth place in the league race by a fraction of a point.

Score: Chicago 10 17 4 1 0 0 0 0 0. Cleveland 4 5 1 0 0 0 0 0 0. Batteries—Benz, White and Kreitz; James, Baskette and Easterly.

SANTA CLARA WINS. SAN JOSE, Oct. 9.—In a game which came near going into first lightning at several stages, the aggressive Santa Clara college Rigby 5 took the Barbarians of San Francisco into camp yesterday afternoon by a score of 18 to 3.

### OAKLAND BOYS WIN LEAGUE OF CROSS TOURNAMENT

Company N of Oakland scored a sweeping victory in the third annual track meet of the League of the Cross Cadets held yesterday at the Presidio athletic grounds. With such stars as Hoenish, Martin, Mellette and Ferguson in the running, the Oakland lads were out in front from the start and soon forged into a decisive lead. Sixty-eight points were scored by the winners, while Company A made 26 points and Companies L and B scored five each.

Four new records were hung up for League of the Cross competitions, the record breaker in every instance being a member of the winning team. Hoenish of Company N proved the brightest individual star of the day and captured the medal offered for the highest point winners by scoring 22 points. Hoenish took first place in the 125 yard hurdles and the high jump, and addition was in second place in the 100 and 220 yard dashes and in the broad jump and shot put.

Another athlete who showed splendid form, crossing the line first in both the 100 and 220 yard events and winning the broad jump, was J. J. Mellette. LIVERMORE BELLE  
WEDS STOCKTONITE

St. Michael's Church Scene of  
Pretty Marriage  
Ceremony.

LIVERMORE, Oct. 9.—James P. Moy, of Stockton, and Miss Clara L. Doolan were married here recently at St. Michael's Church, at 8 o'clock, the Rev. Power officiating. The bride was attended by her niece, Miss Gertrude Collier of Palo Alto, and R. Schmidt of Stockton assisted the groom as best man. After the ceremony about sixty friends of the couple went to Foresters' Hall, where a wedding supper was served. The hall was beautifully decorated, red and white being the colors used. Many toasts were proposed by the Rev. Power and responded to by several friends of the groom. After supper the guests drove to the bride's home, where the wedding gifts were on display.

The bride is a popular teacher in Livermore, where she has taught for several years, and the groom is a well known cattle and sheep dealer in Stockton, where a hunkdow has been prepared for the young couple. After a few days spent in the bay cities, Mr. and Mrs. Moy will spend several weeks in the southern part of the State, before returning to make their future home in Stockton.

ELMHURST MISSION  
WEEK IS CLOSED

Solemn Papal Benediction Be-  
stowed at End of Spiritual  
Retreat.

ELMHURST, Oct. 9.—The mission, or spiritual retreat week, conducted here in St. Louis' church closed tonight with the solemn papal benediction. The various ceremonies and services throughout the day were well attended by both Catholics and non-Catholics. The various services through the past week were presided over by the two eminent prelates, Fathers J. J. Cullen and M. McManus, assisted by the pastor of the church, Rev. Father J. Kiely, and Rev. Father M. R. Power.

The mission was also a fitting celebration of the founding of St. Louis' parish in 1908.

WANT PRESIDENT TAFT  
TO LAY COLLIER KEEL

MARE ISLAND, Oct. 9.—Plans are now under way to have President Taft officiate at the laying of the keel of the new collier Japier, the greatest ship that has ever been constructed at the island. The first steps in the extending of the invitation to officiate were taken at the meeting of the Vallejo Graders and Labor Council Saturday evening. The Vallejo Chamber of Commerce as well as the Merchants' Association across the straits, also will use its influence in having the president come to this station on the date of the keel laying.

The keel plates are now at the building slip and the ceremony of laying the keel can be held at any date that the President can see fit to visit the station.

CHAMBER OF COMMERCE  
TO RENEW BY-LAWS

NILES, Oct. 9.—Plans for the new by-laws to be adopted at the next meeting of the Chamber of Commerce of this place, have been under consideration of the Corpus Christi church were the two principal matters to come before the last meeting of the local Chamber of Commerce. A committee was appointed by the president, E. A. Ellsworth, to draw up a new set of by-laws and present them for adoption at the next gathering.

NEWARK, Oct. 9.—J. Munyan is back from a vacation at Newman. Frank Brown has moved to his new ranch near Newark. Mrs. M. E. Bole was in San Jose last week. Otto Andre visited San Francisco Wednesday. Harvey Brown, who was formerly telegraph operator for the Southern Pacific, has resumed his old position. J. H. Platt spent Monday in San Francisco on business. Miss Ida Curry was in Newark over Sunday. Mrs. H. W. Wales, formerly a teacher in Newark, is now in the Prescott school in Oakland. Mr. and Mrs. Frank Colquist are now living in Los Angeles. Mr. Roberts visited Mr. and Mrs. Cummings last week.

HAYWARD PLANS  
GREAT EXHIBIT

Will Display Products in Key  
Route Quarters Across  
the Bay.

HAYWARD, Oct. 9.—At a special meeting of the Hayward Chamber of Commerce a committee was appointed to take up the matter of arranging for a Hayward agricultural and industrial exhibit at the Key Route exhibition rooms in the Monardock building, San Francisco. To supplement the exhibit a large amount of literature will be kept at the rooms for distribution to visitors and hundreds of copies of a map of this section, with valuable statistics on the reverse side, just published by the chamber, will be kept on hand with the Hayward exhibit for the "enlightenment" of the public.

On the committee appointed by the president are: A. Lindenberg, I. B. Parsons and A. W. Beam. It is felt by the business interests here that the establishment of the Key Route information bureau in San Francisco will be an exceptional opportunity to bring before the public the resources of this section.

STANDARD PLANS  
TO ENLARGE PLANT

Equipment Will Be Added to  
Pumping Station at  
Maltby.

MARTINEZ, Oct. 9.—The Standard Oil Company's pumping station at Maltby, near here, is to be materially increased in equipment, according to the statements of Robert S. Michaels, superintendent of the station, who has recently been in Martinez. A fourth fireman has just been put on duty at the station, and with the two engineers and Michaels himself this constitutes the full crew at the station. The three pumps are being worked to almost full capacity and as soon as possible, which may not be until some time in the spring, a fourth pump is to be installed there.

The two pipe lines of the Standard are in constant use and even then it is difficult to keep the great works at Richmond supplied with oil. The pumps are sending along the lines about 2000 barrels of heavy oil per hour and about 2400 barrels of the lighter grade, and when the fourth pump is placed in operation this supply will be greatly increased.

ANTI-SALOON LEAGUE  
ORATOR HEARD IN TALK

SAN LEANDRO, Oct. 9.—D. M. Gander, campaign orator of the Anti-Saloon League, addressed a large audience in the auditorium of the Presbyterian church here last night. His address was entitled "The Saloon Must Go." The gist of his remarks was that the "Spirit of the age is against everything which makes fortunes for the few out of the misfortunes of the many." Gander will speak in other towns in this vicinity.

## ANGELS BADLY BEATEN TWICE.

SACRAMENTO, Oct. 9.—Sacramento had little trouble with two games from the Angels, batting Bill Tozer out of the box in the fourth inning of the matinee by slamming out eight hits, which counted for seven runs. The morning fracas was a gallop, Sacramento winning 8 to 0 after giving Palmer a leading. Dillon left for the South tonight to engage the Beavers next week, leaving behind a record of twelve games over the Senators for the season. Sacramento's winning of the series gave them thirty wins over the Angels in the forty-two games participated in by the teams.

Give the California  
Women a Square  
DealVote "YES" for the Fourth  
Amendment at the Ballot  
Box Tomorrow

The College Equal Suffrage League realizes that the intelligent voters of Northern California are not to be misled by eleventh-hour campaign lies used by the anti-suffragists in their paid advertisements. If the statements made this morning by the anti-suffragists were true they would have had a chance to reply to them.

## The College Equal Suffrage League

asks such women as Mrs. Benjamin Ide Wheeler, who have allowed their names to be used by the association opposed to woman suffrage, whether they stand for deliberate misstatement of Judge Lindsey of Colorado. In the anti-suffrage quotation from the "Beast" Judge Lindsey, an ardent suffragist, is, by means of half quotation, made to appear to discredit the effects of woman suffrage in Colorado, when in the very next paragraph, which the anti-suffragists do not quote, he says: "Do not misunderstand me, woman suffrage is just, right and expedient."

## This Paid Advertisement

appeared after the Irish-Aked debate, in which Colonel Irish was caught in exactly the same trick which discredited all his arguments. Such intentional misrepresentation of suffrage authorities can mean but one thing—that there are no reputable authorities from the suffrage States who can or will testify that woman suffrage has not been a success.

The anti-suffragists claim that there are only 75,000 organized suffragists in the United States, when, as a matter of fact, there are 15,000 organized suffragists in California alone who are not affiliated with the National Suffrage Association, and in addition to these, 100,000 California women have this year asked for the ballot through their organizations. How many women's organizations have said that they did not want suffrage? Not one!

At Least 100 Women  
Are Working

for suffrage to one woman who is working against it. The membership list of the College Equal Suffrage League is open to the public; also its treasurer's book showing how its money has been raised and spent. We challenge the Anti-Suffrage Association to give the list of its membership and to show from whom its money has come.

## It Was Not the Suffragists

who defeated the referendum in the California State Legislature to submit suffrage to the women of California, but the legislators themselves.

In Seattle only 500 women were working for suffrage, but as soon as it was granted 23,000 registered and voted. In the Massachusetts referendum referred to by the anti-suffragists in their paid advertisements the women voted for suffrage in the ratio of 25 to 1. Since 1895 when the referendum in Massachusetts was taken hundreds of thousands of women have been converted to the cause of equal suffrage. Noteworthy among the recent converts for equal suffrage is Mrs. Phoebe Hearst, who only last week went on record as a suffragist, although she would never allow her name to be used by an association so selfish and so mendacious as the association opposed to woman suffrage.

It Is Ridiculous to  
Anyone

who knows anything about the suffrage campaign that the anti-suffragists should say that the suffragists of California have travestied the Declaration of Independence when the suffragists base their entire claim to suffrage on the Declaration of Independence, and on the Constitution of the United States, and the anti-suffragists deny both every time they open their mouths.

BOILER EXPLODES  
IN ENGINE HOUSE

Firemen in the engine house at Thirteenth avenue and East Fourteenth street miraculously escaped death yesterday shortly after noon, when the huge boiler installed in the building exploded, knocking the fire horses to the ground, shattering doors and windows and a section of the house in the immediate vicinity of the boiler. But three of the twelve men usually on duty were in the house at the time, the others being out to dinner. Those who had the close shave were T. G. Derby, driver; Patrick T.

Jordan, driver, and W. T. Smith, extra-man.

The cause of the explosion has not been determined by Fire Chief N. A. Bell, but it is believed that one of the steam pipes leading from the boiler became clogged, causing congestion. Why the safety valve did not prove equal to the emergency is unexplained. "The boiler was installed but a year ago," said the chief, "and it had been tested to withstand a pressure of 400 pounds. It has never been put to that extreme, however, and that complicates the matter. One of the men was accustomed to looking after the boiler every half hour. Had he been in the room at the time it would have meant his instant death."

The fire horses, trained to face almost any emergency, threatened to stampede, so terrifying was the detonation, but they were soon pacified by the men, who lost no time in acting.

FUNERAL SERVICE OF  
FORTY-NINER HELD

SAN LEANDRO, Oct. 9.—The Episcopal funeral service was read over the remains of the late Benjamin F. Stoakes, a 49er, and a prominent Odd Fellow of this place, who died at his home on Saturday afternoon from infirmities brought on by old age.

Decedent was 84 years old. The ceremonies were under the auspices of San Leandro lodge, No. 221, I. O. O. F. The remains were cremated at the Oakland Crematory.

The chief mourners were Dr. F. C. Stoakes, a son, and Mrs. Flora Z. Rider, a daughter, at whose home the funeral was conducted. He is also survived by a number of grandchildren.

COLLEGE WOMEN WILL  
HOLD SPRING FESTIVAL

UNIVERSITY OF CALIFORNIA, Oct. 9.—Plans for a women's festival to be held next spring will be discussed at a mass meeting of the associated women students next Thursday evening. Miss Lucy Sprague, dean of women students, will explain in detail the plan which she had in mind when she suggested the festival. Miss May Irwin, a graduate student from Wellesley college, will tell of the methods and success of such affairs held at that institution. A permanent refreshment committee for all mass meetings has been appointed, with the following members: Dorothy Fish, chairman; Jessie Willis, Zella Valisade, Lois Vowinkel, Ruth Johnson and Lulu Merriweather.

SPECIAL RATE ANNOUNCED. The Southern Pacific company announces special rates of one and one-third to Sacramento and return on account of the greater Sacramento annexation. Tickets will be on sale from October 15 to 21, inclusive, final return October 22.

## INVITED TO LEAVE, DECLARES LYMAN

## WOMAN AVIATOR BATTLES POLICE

Promoter Tells Officers in the North That Hospital Door Was Open.

PORTLAND, Or., October 9. — It's too bad," smilingly lamented Dr. Grant Lyman, the promoter, in jail here this evening, "that when the Klamath Falls jail could not hold me, my hurt foot would not take me away." In charge of United States Marshal Scott, Dr. Lyman arrived here from Klamath Falls yesterday. Suave, immaculately clothed and ostensibly care-free, although hobbling on crutches, Dr. Lyman talked freely of everything except the fraud charges standing against him.

"Do you know that the California officers tried to kidnap me in Southern Oregon?" queried the doctor, dismissing the subject of the part he took in promoting the Panama land deal with a smile and a slight gesture. "But I have rights, and I insisted on the correct legal process. Had the California marshal explained the situation to me when I was on the way from Lakeview to Klamath Falls, instead of trying to take me forcibly from the State, I should have returned without this delay. Now that I understand matters a little better, I regret that I ran away from Oakland. But, really, my confinement and running away was all a joke. The door to my room in the hospital was open all the time, and there was no attempt to guard me. The whole thing was such a farce, that I thought I might as well leave."

**READY TO RETURN.**

Dr. Lyman was taken to the new county jail on the sixth floor of the Courthouse building. He has offered to waive all formalities and return to California for trial, according to Assistant United States Attorney Johnson. If it is agreed that he shall be tried in Los Angeles and not in San Francisco, it has not yet been decided when Lyman will be arraigned, but Johnson said that probably it would be done next Thursday.

For the first time in his life Dr. Lyman yesterday underwent the ordeal of being "skin frisked." It was supposed that the doctor had run out of ready cash, as he had only \$17 in his pocket. But Jailer Phillips doesn't take anything for granted, and asked:

"Do you object to being 'skin frisked'?"

Although the doctor readily grasped the meaning of a "skin frisk," he entered no objection. The doctor made no move or comment as the jailer divested him of clothing and turned every garment wrong side out. When Phillips pulled two \$100 notes, two \$20 notes and a \$5 note, 245 in all, from the sock on his left foot, the doctor didn't even make a face.

"That all?" queried Phillips, when he finished the search.

"That's all," nodded the doctor pleasantly.

## Clean bathroom tub, pipes, and sink with

## GOLD DUST

To keep bath tub and lavatory snow white—to keep metal pipes, fixtures and taps brightly burnished—to purify metal bowl—there's nothing on earth like Gold Dust. Gold Dust is the great sanitary cleanser, because it sterilizes while it cleans, and drives out every germ and hidden impurity.

Other products may clean the surface—Gold Dust cleanses to the bottom.

Add a heaping teaspoonful of Gold Dust to a pail of water and you are ready to prove these claims.

Do not use borax, soap, naphtha, soda, ammonia or kerosene with GOLD DUST. GOLD DUST has all desirable cleaning qualities in a perfectly harmless and lasting form.

"Let the GOLD DUST TWINS do your work!"

## LOVE IMPELS TWO MEN TO SUICIDE

One Jumps From Window in New York, Other From Window in San Francisco.

SAN FRANCISCO, Oct. 9.—Plunging from a window on the fifth floor of the Chronicle building and then through the skylight of an adjoining structure, a fall of probably 150 feet, N. B. Walton, an advertising man of this city, committed suicide yesterday afternoon in a fit of temporary insanity.

A tangled love affair, friends say, brought on an attack of nervousness and Walton went to the offices of Dr. A. H. Wright at 3 o'clock for treatment. In the waiting room he met the nurse, Miss Ed. Gray, and as he stood to and fro, the best of spirits. "Kind of a nasty day out," he remarked as he went to the window and opened it. Miss Clayton replied in the affirmative.

Then Walton deliberately thrust himself out of the window in his plunge to death. He screamed for help as his body struck the skylight of the Chronicle building. The crash of glass was heard in Dr. Wright's offices and the physician ran operating room to inquire the meaning of the noise.

The nurse gave the alarm and with Dr. Wright aroused the watchman of the Chronicle building. The mangled body of Walton was found on the floor of a clothing store, and but a spark of life remained.

The ambulance from the harbor hospital was summoned and Walton was conveyed there. The attaches of the institution worked over the dying man and as he had fractured the base of his skull Walton was taken to the central emergency hospital for an operation. He breathed his last as he was about to be placed on the table.

Walton had offices at 80 Geary street and lived with a friend at 974 Eddy street. It is said Walton was engaged to a San Francisco society woman and that the engagement was broken off a short time ago.

Walton came from Portland, Oregon, about two years ago. He had no relatives in this city, but it is understood his family is one of the best known in Virginia. Deputy Coroner John Whelan said that Walton had a brother living in New York and sent the latter a telegram last night advising him of his brother's death.

**PLUNGES TO DEATH.**

NEW YORK, Oct. 9.—While several men and women were holding an outdoor religious meeting in front of a Harlem hotel yesterday, the body of a man came hurtling down from the sixth story window and landed directly in front of them. The body was that of Morris Greenwood, 45 years old, who ended his life because, it is believed, he was disappointed in a love affair. After recovering from their horror the persons taking part in the street meeting conducted a prayer service over the body.

## BACK TO HOOPS FOR LADY FAIR

Grinoline Days Are Due to Return, According to Edict From Paris.

SAN FRANCISCO, Oct. 9.—The tall, slender figure is doomed at last and the hoop skirt will soon be here, according to the latest Parisian report, and already it has been seen on the streets of Berkeley. In the new capital it is no longer a novelty and the designers predict that in a short time they will be in San Francisco, and the question is: Will San Francisco women take to this fashion with enthusiasm?

The majority rather than be "out of the world as out of fashion," so it is probable that the smartly-dressed women will adopt the style. In fact, it is said that Mrs. Eleanor Martin will endorse the new style and wear a hoop skirt if necessary, as she believes in adopting whatever happens to be the prevailing fashion. As this is the edict of one who knows the proper thing for fashionably-gowned women to wear, very likely this new hoop skirt will be quite the style to adopt.

However, this new affair is very different from the one worn in olden times. It is a tight-fitting princess gown, very narrow in the skirt at the hem and over this is placed a wire which supports a lamp shade—a network of wires or tapes. There is only one hoop and that is held in place by chiffon or some thin material. The figure is seen through this thin shimmering material.

To Paul Poiret, the great designer and modiste of Paris, is due all credit for the ingenuity of this new model. He kept it a secret until he had his fall opening, then it created the desired sensation. The dressmakers who have just returned from abroad, after a long stay in Paris, are now in the midst of the popularity of this gown and as to the effect it will create, some call it attractive and others deem it impossible. It is agreed, though, that it is a novelty and for that reason deserves consideration.

## NEW NAVY MASTS ARE TOTAL FAILURE

MARE ISLAND, Oct. 9.—Just \$20,000 has been spent by the Navy Department on the Pacific Fleet to demonstrate that the latest in fighting masts, the much-explored "cage mast" installed during the last three months on the cruisers California, West Virginia and Maryland, are a total failure.

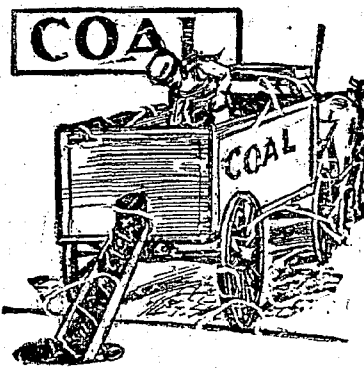

Admiral Chauncey Thomas has reported to the yard officials that the masts will not stand up under the speed required of ships in action.

The masts were designed to allow the passage of shells without destroying the whole structure, being built of piping so arranged that full one-half of the mast could be torn away without causing it to tumble.

## OL'S GRIP IS ON EUROPE.

LONDON, Oct. 9.—The Standard says the Standard Oil company has reached an agreement with its European rivals, the Royal Dutch Shell Transport combine. The wholesale price of oil in Great Britain has been advanced 30 per cent in the last ten days. The European company, which is backed by the Rothschilds, is believed to have accepted a compromise with its American rival, whereby the market of the entire world will be divided harmoniously.

## AMERICAN CHURCH PLANS TO COLONIZE

Catholics Adopt Slogan of "Back to the Land" to Relieve Congestion.

WINNIPEG, Man., Oct. 9.—"Back to the land" is the slogan of the International Catholic Colonization Society of America recently formed with the aim of relieving congestion in crowded cities of the United States and increasing the rural population of Canada and of the United States.

It is the intention of the association to bring people not only from the United States, but from Europe, to colonize them in Catholic communities. Of the immigrants to the United States from Europe 300,000 are members of the Roman Catholic church.

A locality in western Canada has been inspected and approved by the heads of the international organization, extending along the Canadian Northern railway from Watson to Dana, Saskatchewan. The tract includes several thousand acres.

## MONTARA DECEYED INTO MEXICO AND MURDERED

SAN DIEGO, Oct. 9.—Ramos Montara, who commanded a troop in the insurgency in Lower California, was decieved yesterday afternoon to the international boundary line, where he was stabbed and rushed across into Mexico. There, it is asserted, he was at once slain. The report was brought to this city last evening by a former member of Guerrero's band that operated in Lower California. He says that two Mexicans engaged Montara in a knife duel on the border, and taking him off his guard, wounded him and hurried him across the line.

## The Analyses of Coal

When coal is analyzed the principal elements are moisture, combustible volatile matter, fixed carbon and ash. The heat value in the coal is derived from the combustible volatile matter and fixed carbon, the moisture and ash being absolutely wasted and in the case of moisture, for every unit of it in the coal it takes two units of fixed carbon to destroy one unit of moisture. Therefore in figuring the efficiency of coal one should take into consideration the percentage of moisture it contains.

The combustible volatile matter is in reality the gases which the coal contains and it is from these escaping gases when unconsumed that the smoke and soot is derived, resulting also in the loss of the heat units to the consumer.

It is important that the consumer fire the coal in such a way as to consume as much of the combustible volatile matter or gases as possible. This result is obtained by not firing too heavily, or in other words, overloading the stove or furnace, which ever the case may be.

## SHOT AND KILLED WHILE ON HUNT

Companion of Dead Man Tells Police Story of Mysterious Slayer.

SALT LAKE CITY, Oct. 9.—Anthony Bertelli, one of the most prominent Italians of this city, proprietor of a saloon here and a saloon at Bingham, was shot and killed in a mysterious manner while hunting rabbits in the Quivira mountains yesterday. James Nick, a prominent Italian of Bingham, was Bertelli's only companion and he tells a story of a lone horseman armed with a rifle who shot Bertelli and then rode away.

Nick is being held in jail at Bingham and a search has failed to reveal anyone who saw the mysterious horseman of his story. Nick was armed with a 22-caliber rifle and a post-mortem examination will be made of the dead man's head and the bullet which lodged in his brain will be removed.

## WILSON REFUSES TO CHANGE HIS PROGRAM

WASHINGTON, Oct. 9.—Secretary of Agriculture Wilson has not changed his mind about serving as honorary president of the Brewers' International Congress in Chicago from October 12 to 22, although all Chicago pastors and congregations were requested to pray for him yesterday. The prayer by Arthur Burrage Farwell that the Secretary may see the light and not attend the road to Wilson yesterday. He listened with silent interest and when it was finished said:

"I have no comment to make. My plans are complete and I do not contemplate changing them. I have accepted the invitation to address and serve the congress. That is all."

## OCTOBER 9 FIRE PROTECTION DAY

Fortieth Anniversary of Chicago Conflagration to Be Celebrated.

CHICAGO, Oct. 9.—The fortieth anniversary of the Chicago fire of 1871 will be observed throughout the west as "Fire Prevention Day," the subject of fire waste, which last year amounted to \$24,470,650 in the United States, is to be given consideration by commercial bodies, schools and individuals.

The governors of Illinois, Ohio, Indiana, Missouri, Oklahoma, New Mexico, Montana and Utah have issued proclamations setting aside October 9 as fire prevention day.
